(D) PSEN-12-02 DESIGN BUILD SERVICES FOR PEMBROKE ROAD ROADWAY IMPROVEMENTS PROJECT WEST OF DYKES ROAD TO EAST OF SILVER SHORES BOULEVARD
(E) PSPW-12-01 COOLING TOWER
(F) PSPW-12-02 POLICE PURSUIT, ADMINISTRATIVE NON-PURSUIT, UTILITY VEHICLES, TRUCKS, AND VANS

Summary Explanation and Background

SUMMARY EXPLANATION AND BACKGROUND:

(A) IFB # PD-11-08 Police Motorcycles - 2012 Harley Davidson Road King (FLHP)

The City of Pembroke Pines is seeking proposals to provide the Police Department with two (2) 2012 Harley Davidson Road King (FLHP) motorcycles with two-tone (Blue/Silver) paint and anti-lock brakes.

(B) IFB # PD-12-01 Portable Automatic License Plate Reader (LPR)

The City of Pembroke Pines Police is seeking proposals to provide the Police Department with portable Automatic License Plate Readers (LPR). Each time the LPR system reads a license plate, the reading is compared against a list (or multiple lists) of wanted vehicles such as scofflaws and stolen vehicles. If a plate read matches a wanted vehicle record, the unit operator is presented with an alarm that includes an image of the vehicle plate, a color overview image of the back of the vehicle and the wanted record (plate, state, and category) that it was matched against.

(C) RFP # PSEN-12-01 Rehabilitation of Unit 4 for the Wastewater Treatment Plant

The City of Pembroke Pines Utilities Division is seeking proposals for the rehabilitation of Unit 4 for the Wastewater Treatment Plant, which has not been serviced in 10 years. The wastewater treatment unit needs to be serviced every 5 to 10 years to replace material and equipment that has reached its service life. The rehabilitation includes the cleaning and painting of the unit, the replacement of air piping, installation of a new air header, replacement of the coarse bubble diffusers and piping in the digester section and fine bubble diffusers and piping in the secondary air and contact sections of the unit, removal of all existing structural fabric covers and replacement with aluminum covers in the areas show on the plans. This rehabilitation is required by DEP as part of the maintenance on the treatment units.

(D) RFQ # PSEN-12-02 Design Build Services for Pembroke Road Roadway Improvements Project west of Dykes Road to east of Silver Shores Boulevard

The City is requesting statements of qualifications and price proposals from interested firms to provide Design/Build Services for the design, permitting and construction of a 4-lane section of Pembroke Road from the western terminus of the 4-lane divided road proposed by Broward County Project No. 5255 (Pembroke Road/I-75 Overpass) and continue this 4-lane road section through the Pembroke Road and Dykes intersection. The project also consists of modification of the existing traffic signal at Dykes Road and Pembroke Road and installing a new traffic signal at Pembroke Road and Silver Shores Boulevard.

(E) IFB # PSPW-12-01 Cooling Tower

The City of Pembroke Pines is seeking bids from qualified firms for the replacement of a cooling tower generally located within the

Howard C. Forman Campus at 1201 Hibiscus Drive, Pembroke Pines, FL 33025.

The existing chiller/cooling tower system provides air conditioning 24 hours/day for Howard C. Forman Campus including the Department of Children and Families, Jose Maria Vargas University, Studio 18, Chartwells satellite kitchen for the Pembroke Pines Charter Schools which can be used in disaster relief situations, Green Cross Health Systems, juvenile justice commitment and residential mental health programs. The City uses a redundant chiller system, with two chiller units and cooling towers that run alternatively or in tandem and can individually satisfy the cooling requirements of the Howard C. Forman Campus. The redundant system is necessary to insure that even in the event of a single component failure; the chiller system will continue to satisfy the cooling requirements of the critical load.

Currently, one of the cooling towers is no longer operational and needs to be replaced immediately because any problem with the other cooling tower would take down the critical cooling system. Without another redundant cooling tower running the working cooling tower cannot be stopped to perform preventative maintenance without interrupting the air conditioning to the tenants of the Howard C. Forman Campus.

(F) IFB # PSPW-12-02 Police Pursuit, Administrative Non-Pursuit, Utility Vehicles, Trucks, and Vans

The City of Pembroke Pines is seeking bids to provide Citywide departments with various vehicles that will suit their departmental needs. The IFB request that only bidders that can offer a better value than the Florida Sheriffs Association (FSA) Bid # 11-19-090 should submit proposals. The estimated quantity of vehicles listed in this Invitation for Bids are only an estimate and is therefore subject to change. After responses are received and evaluated for this IFB, an updated quantity of vehicles will be brought back to Commission for the award.

Financial Impact

FINANCIAL IMPACT DETAIL:

(A) IFB # PD-11-08 Police Motorcycles - 2012 Harley Davidson Road King (FLHP): Funds are budgeted in account # 1-521-3001-64140 - Motorcycle.

(B) IFB # PD-12-01 Portable Automatic License Plate Reader (LPR): Funds are budgeted from the 2009 UASI Grant in account # 122-521-3030-2009-64400 - Other Equipment.

(C) RFP # PSEN-12-01 Rehabilitation of Unit 4 for the Wastewater Treatment Plant: Funds for this project are not currently budgeted, however a budget adjustment will be requested for approval when this item is brought back to Commission for award.

(D) RFQ # PSEN-12-02 Design Build Services for Pembroke Road Roadway Improvements Project west of Dykes Road to east of Silver Shores Boulevard: Broward County has agreed to pay for the additional roadway improvements if there are adequate funds for both the overpass project and this project.

(E) IFB # PSPW-12-01 Cooling Tower: Funds for this project are not currently budgeted, however a budget adjustment from 1-519-6008-46150 - R&M land, building & improvements, will be requested for approval when this item is brought back to Commission for award.

(F) IFB # PSPW-12-02 Police Pursuit, Administrative Non-Pursuit, Utility Vehicles, Trucks, and Vans: Funds are budgeted in account #s:
1-521-3001-64028 - Car
134-521-3004-64028 - Car
1-519-6006-64210 - Truck pickup
1-529-9007-64210 - Truck pickup
471-535-6021-64210 - Truck pickup
1-521-3001-64214 - Truck
