March 16, 2018

To the Honorable Mayor, Members of the City Council, and Citizens of the City of Plantation:

We are pleased to present the City of Plantation's (the City) Comprehensive Annual Financial Report (CAFR) for the fiscal year ended September 30, 2017. State law requires that all general-purpose local governments publish a complete set of financial statements within nine months of the close of each fiscal year. The financial statements included in this report conform with generally accepted accounting principles (GAAP) and are audited by a firm of licensed certified public accountants in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States.

This report consists of management's representations concerning the financial operation and condition of the City. Responsibility for both the reliability of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the City. To provide a reasonable basis for making these representations, management of the City has established a comprehensive internal control framework that is designed to protect the City's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the City's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. To the best of our knowledge and belief, this financial report is complete and reliable in all material respects and is reported in a manner that presents fairly the financial position and results of operations of the various funds of the City of Plantation.

State statutes require an annual audit by independent certified public accountants. Keefe McCullough, a firm of licensed certified public accountants, have audited the City's financial statements and issued an unmodified opinion for the fiscal year ended September 30, 2017. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. The independent auditors' report is located at the front of the financial section of this report.

As a recipient of federal, state, and county financial assistance, the City is subject to annual single audits in conformity with the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and Chapter 10.550, Rules of the Auditor General of the State of Florida. Information related to the Single Audit, including the schedule of expenditures of federal awards, findings and questioned costs, and auditors' reports on the internal control and compliance with applicable laws and regulations are included in the compliance section.

GAAP require that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The City's MD&A can be found immediately following the report of the independent auditors.

CITY PROFILE

The City of Plantation, incorporated in 1953, is located in southeastern Florida in Broward County. It encompasses an area of approximately 23 square miles with an estimated population of 92,717. The City operates under a Mayor/Council form of government. The Mayor is elected at-large on a non-partisan basis for a four-year term. The five Council members are also elected at-large on a non-partisan basis for a four-year term. The City Council determines policy, adopts legislation, and approves the City's annual budget. The Mayor is responsible for carrying out the policies of the City Council and for overseeing the daily operations of the City.

The City provides a full range of services including police and fire protection, emergency medical service, water and wastewater services, sanitation, recreation, public improvements, streets, planning and zoning, and general administrative services. This report includes all funds of the City. The City is financially accountable for three component units which consist of the Plantation Gateway Development District, the Plantation Midtown Development District, and the Community Redevelopment Agency. All component units are included as an integral part of the City's financial statements. Additional information on all three of these legally separate entities can be found in the notes to the financial statements (see Note I. A).

The annual budget serves as the basis for the City's financial planning and control. All City departments are required to submit requests for appropriation to the Mayor. These requests are used as a starting point for developing a proposed budget. The Mayor then presents the proposed budget to the City Council during the 1st week of September each year. The operating budget includes proposed expenditures/expenses and the means of financing them. The City Council is required to hold public hearings on the proposed budget and to adopt a final budget by September 30th of each year. The appropriated budget is prepared by fund, function, and department. Budget to actual comparisons are provided in this report for governmental funds for which an appropriated annual budget has been adopted.

LOCAL ECONOMY

The information presented in the financial statements may be better understood when it is considered from the broader perspective in which the City operates. The City of Plantation is situated in the heart of South Florida, which consists of Broward, Palm Beach, Miami-Dade, and Monroe counties. Being centrally located in Broward County, Plantation is easily accessible via Interstate 75, Interstate 595, and Florida's Turnpike. It is only fifteen minutes from the Fort Lauderdale-Hollywood International Airport and Port Everglades, both are the western hemisphere's most accessible flight hub point and deep-water seaports for cargo, cruise and trade ships respectively. Major economic influences in the area including housing, tourism/travel, job market, construction, tax reform, weather events, and various other items play an important role in directing and prioritizing the use of City resources both currently, and in the future.

Plantation has a business community vigorously growing with approximately 5,400 registered businesses in the City that range from small local ownership businesses and services, to national and international corporate headquarters. Top major employers in Broward County are established in Plantation, including Precision Response Corporation (Alorica), (2,000 employees), DHL Latin Regional Headquarters (1,400 employees), Motorola Solutions (1,200 employees), Chetu (1,160 employees), The Castle Group (1,100 employees), Broward County Schools (963 employees), Broward County (900 employees), the City itself (769 employees), Westside Regional Medical Center (750 employees), and Aetna (600 employees).

The Midtown District are 860 acres designated by the City's Council back in 2002, to be a prominent central business community and adopted a Master Plan for the area. The Midtown District includes a variety of Class A and corporate offices; state-of-the-art medical facilities; mixed-use retail/residential development; a regional shopping center; and public and private open space. The District is centrally located in the city bordered by I-595 to the south, Cleary Boulevard to the north, Pine Island Road to the west and University Drive to the east. Of the 860 acres, approximately 80% is commercial and office, 9% is residential, and the remainder is equally divided between institutional, parks, and open space. Four projects have been built: Veranda, The Manors, Midtown 24, and One Plantation Place. These projects have added 970 residential units to the District along with shops, restaurants, and commercial businesses. In 2017 Plantation Midtown property values increased 8.33% or \$20,081,220 when compared to fiscal year 2016. The office market is one of the largest and strongest in Broward County with a 95% occupancy rate in 2017.

The Gateway District is a business district located at the most eastern side in Plantation, along the State Road 7 Corridor. It is designated as a Safe Neighborhood Special District and is generally defined as properties fronting State Road 7 from Sunrise Boulevard on the north to Davie Boulevard on the south. The State Road 7 Corridor is a Community Redevelopment Agency (CRA) District receiving its funding from Tax Incremental Financing (TIF). Since its establishment in 2000, the taxable property values gradually increased from the base of \$127 million peaking to over \$240 million in 2009. An economic downturn impacted property values negatively during the years 2010 - 2013; since that time, property values have been back to its gradually increasing rhythm. In 2017 Gateway property values increased 7.54% or \$102,020,684 when compared to fiscal year 2016. The Gateway District is home to approximately 400 businesses which include: retail shops; medical and professional offices; automotive dealerships; and the Plantation General Hospital.

Established in 1948, Plantation Technology Park was the first industrial park in Broward County. Currently renamed Plantation Pointe, the Park is approximately 160 acres and is located in the northeastern section of the City over Sunrise Boulevard. In 1999, the City of Plantation in conjunction with the Technology Park Task Force, made up of various business owners prepared a Master Plan for the Park which initiated practices to improve the overall appearance of the park, and the economic conditions. The businesses located in the park actively work together to ensure it is well maintained and can economically prosper. There are nearly 200 businesses located in Plantation Pointe with an industrial occupancy rate of 100% in 2017 based on data provided by the City's Planning and Zoning Department. It is the home of Kenig Aerospace, Goodwin Biotechnology and Motorola, as well as, numerous other small to medium-sized businesses, such as E. Security Alarm Systems, Southeast Broach and small casual restaurants. The park also houses one of the busiest Broward County Tax Collectors office. The Park is zoned mainly for commercial business to light industrial. In 2011, the City recognized the need to encourage expansion and attract businesses to the park. The Mayor and City Council approved zoning code changes to allow office building, small-scale personal service uses, expanded technology-based businesses, and other business diversification.

For fiscal year 2017, the City's average unemployment rate was 2.8% which was lower than that of Broward County at 3.3% and the State of Florida at 3.7%. The positive economic climate in Plantation can be attributed to the foresight of the City Council to have a well-planned City incorporating key components to ensure a positive quality of life for the residents, and an economically stimulating environment for businesses to prosper.

Tax reform legislation or Amendment 1, effective in October 2008, provided for an additional \$25,000 tax exemption for homesteaded properties, portability of the Save Our Homes benefit, and a \$25,000 exemption on personal tangible property. Effective in November 2012, tax reform legislation or Amendment 2, provided that veterans disabled due to combat injury would receive a homestead property tax discount; Amendment 9, provided for the homestead property tax exemption for the surviving spouse of military veteran or first responder; and Amendment 11, provided for an additional homestead exemption for low income seniors who maintain long-term residency on property. This legislation has impacted the City's current and future property tax revenues and is described in more detail in the notes to the financial statements beginning on page 66.

LONG-TERM FINANCIAL PLANNING

The City implemented Governmental Accounting Standards Board (GASB) Statement No. 54 Fund Balance Reporting and Governmental Fund Type Definitions in 2011. GASB Statement No. 54 enhances the usefulness of fund balance reporting by providing clearer fund balance classifications that can be more consistently applied and by clarifying the existing governmental fund type definitions. In the fund financial statements, governmental funds report fund classifications that comprise a hierarchy based primarily on the extent to which the City is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Fund balance is reported in five components: non-spendable, restricted, committed, assigned, and unassigned. Fund balances classified as non-spendable are not in spendable form or are legally/contractually required to be maintained intact. Restricted fund balances are constrained for specific purposes imposed by external parties, law, or specific legislation; while committed fund balances are amounts constrained for specific purposes imposed by formal action of the City Council. Assigned fund balances represent amounts intended to be used for a specific purpose with no formal constraints. Unassigned fund balance is the residual classification of the General Fund and represents the net resources available at the end of the fiscal year.

The City has established reserves as assigned fund balance in the General Fund for Emergency Relief (\$5,600,000) and committed fund balance for Budget Stabilization (\$2,400,000). The Emergency Relief Reserve is for the purpose of responding to natural and man-made emergencies while the Budget Stabilization Reserve is to be used for revenue declines whether anticipated or unforeseen, unanticipated expenditures, and unfunded mandates.

MAJOR INITIATIVES

During fiscal year 2017 the City of Plantation identified a list of capital project needs in the areas of Public Safety, Public Works & Parks and Recreation totaling \$60 million that are consistent with the City's mission of providing quality, value-driven public services and facilities. To fund these projects, the City asked residents to vote by referendum on November 8, 2016 for a \$60 million ad valorem bond. The City of Plantation residents voted unanimously to approve the Ad Valorem Bond, which allows the City to provide for Plantation's future in Public Safety, Public Works and Parks & Recreation.

Based on the City's strong management, strong economy, strong budgetary performance with operating surpluses, strong liquidity and strong institutional framework, high credit ratings were received from both S&P (AA+) and Moody's (Aa1). With these high credit ratings, the City was able to secure a low interest rate \$60 million ad valorem bond for a term of 20 years. Projects began in late 2017 and are anticipated to be completed in late 2020 or early 2021.

The City of Plantation has been working aggressively over the past few years to overcome challenging national and international economic conditions to sustain and expand existing businesses while attracting new development to the City. Some key elements attracting new businesses to the City of Plantation are as follows:

- competitive costs for land, labor and capital;
- low taxes and assessments;
- expedited permitting;
- centrally located with interstate accessibility; and
- available resources such as labor, financing, supplies and services.

Through the strategic planning initiative beginning in 2012, departments continuously analyze their programs and services, as well as look for efficiencies through process improvement and interdepartmental coordination. Management continues to encourage departments to scrutinize budgets throughout the year for additional expenditure cuts in order to realize savings whenever possible.

The City continued to see moderate, yet steady growth over the past ten years. Growth in both the commercial sector and residential projects are forecast to increase in the coming years.

AWARDS AND ACKNOWLEDGEMENTS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Plantation for its comprehensive annual financial report for the year ended September 30, 2016. This was the fifth consecutive year that the City achieved this prestigious award. In order to be awarded a Certificate of Achievement, the City must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of this report would not have been possible without the efficient and dedicated service of the entire staff of the Financial Services Department. Appreciation is also extended to all employees throughout the City who assisted and contributed to the preparation of this report. In closing, due credit should be given to the Mayor and City Council for their interest and support in planning and conducting the operations of the City in a responsible and progressive manner.

Respectfully submitted,

A handwritten signature in blue ink, appearing to read "A. C. Otiniano".

FINANCIAL SECTION

INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and Members of the City Council
City of Plantation, Florida
Plantation, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of Plantation, Florida (the "City"), as of and for the fiscal year ended September 30, 2017, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the City of Plantation Police Officers' Pension Fund, which represent 45%, 45% and 48%, respectively, of the assets, net position, and revenues of the fiduciary funds. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the City of Plantation Police Officers' Pension Fund, is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. The financial statements of the City of Plantation Police Officers' Pension Fund were not audited in accordance with *Government Auditing Standards*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City, as of September 30, 2017, and the respective changes in financial position and, where applicable, cash flows and the respective budgetary comparisons for the General Fund, Plantation Midtown Development District Fund and Community Redevelopment Agency Fund thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the schedules related to pensions and other post-employment benefits on pages 11 through 24 and 82 through 91, respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section, combining and individual fund statements and schedules, and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purpose of additional analysis as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and schedules and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and schedules and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reports Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 16, 2018, on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

KEEFE MCCULLOUGH

Fort Lauderdale, Florida
March 16, 2018

The City of Plantation, Florida's financial statements are designed to provide the readers of the financial statements easy to understand information and analysis of the City's financial activities based on currently known facts, decisions, and conditions. As management of the City of Plantation, Florida (the City), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended September 30, 2017. The Management's Discussion and Analysis (MD&A) should be read in conjunction with the transmittal letter beginning on page 1 and the City's financial statements which immediately follow this discussion.

Financial Highlights

- The assets plus deferred outflows of resources of the City exceeded its liabilities plus deferred inflows of resources at the close of the most recent fiscal year by \$ 249,636,474 (net position). Of this amount, \$ 37,574,247 represents unrestricted net position, which may be used to meet the government's ongoing obligations to citizens and creditors.
- The City of Plantation's total net position increased by \$ 16,949,346 as a result of this year's operations.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$ 14,088,137 or 13.8% of the General Fund expenditures and transfers out.
- The City of Plantation's total debt increased by \$ 65,600,124 (148%) during the current fiscal year.
- The City's business-type activities reported total net position of \$ 156,178,988 which is an increase of \$ 9,286,048 or 15.4%, in comparison to the prior year. Approximately 34.9% of the total or \$ 54,561,897 is unrestricted.
- City-wide depreciation expenses recorded during the year amounted to \$ 13,870,943. This reflected an increase of \$ 131,990 or 0.1% from the prior year. Total net investment in capital assets was \$ 192,895,764 at year-end, reflecting a net increase of \$ 6,387,786 over 2016.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the City of Plantation's basic financial statements. The City's basic financial statements are comprised of three components: government-wide financial statements, fund financial statements, and notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Components of the Financial Section

Government-wide financial statements: The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, using accounting methods similar to those used by a private-sector business. These statements also provide both long-term and short-term information about the City's overall financial status. The government-wide financial statements include the first two statements that follow this analysis, the statement of net position and the statement of activities.

The statement of net position presents financial information of all of the City's assets, liabilities, and deferred inflows/outflows of resources, with the difference reported as net position. The change in net position over time may be an indicator of whether the City's financial health is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. It provides a breakdown of revenues and expenses by function. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Therefore, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., special assessment receivables, and earned but unused compensated absences).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government, public safety, physical environment, transportation, economic environment, and culture and recreation. The business-type activities of the City include water and wastewater services, a golf course and stormwater services.

The government-wide financial statements include not only the City itself (known as the primary government), but also the Plantation Gateway Development District, the Plantation Midtown Development District, both dependent taxing districts and the Community Redevelopment Agency, a legally separate redevelopment agency for which the City is financially accountable. Financial information for these blended component units is reported in the financial information presented for the primary government itself.

The government-wide financial statements can be found on pages 25 through 27 of this report.

Fund financial statements: A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements as required by state and federal laws, bond covenants, and governmental accounting standards. The fund financial statements report the City's operations in more detail than the government-wide statements. These statements also tend to focus more on the individual parts of the City's operations. The City has three categories of funds: governmental, proprietary, and fiduciary.

Governmental funds: Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. Most of the City's basic services are reported in governmental funds (general, special revenue, debt service, and capital projects). These funds use the modified accrual method of accounting which measures cash and all other financial assets that may readily be converted to cash. Unlike government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

The focus of governmental funds is narrower than that of the government-wide financial statements, so it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing this, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains twenty-two individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, the Plantation Midtown Development District Fund, the Community Redevelopment Agency Fund, the 2005 Community Redevelopment Agency Note Fund, the Community Redevelopment Agency Escrow Fund, the Community Redevelopment Agency Designated Capital Improvements Fund and the 2017 Ad Valorem Bond Fund, all of which are considered to be major funds. Data from the other fifteen governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements located elsewhere in this report.

The City adopts an annual appropriated budget for its General Fund. A budgetary comparison statement has been provided for the General Fund to demonstrate compliance with the budget.

The basic governmental fund financial statements can be found on pages 28 through 36 of this report.

Proprietary funds: Services for which the City charges a fee are generally reported in proprietary funds which provide both long-term and short-term financial information. The City maintains one type of proprietary fund. These enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for water and wastewater services, a golf course operation and stormwater services.

Proprietary funds provide the same type of information as the government-wide financial statements, only with more detail and additional information including cash flows. The proprietary fund financial statements provide separate information for water and wastewater services, a golf course and stormwater services, all of which are considered to be major funds of the City.

The basic proprietary fund financial statements can be found on pages 37 through 40 of this report.

Fiduciary funds: Fiduciary funds are used to account for resources held for the benefit of parties outside the City. The City's fiduciary funds consist of: General Employees' Retirement Plan, Police Officers' Retirement Plan, and Volunteer Firefighters' Retirement Plan. Fiduciary funds are not reflected in the government-wide financial statement because they do not represent discretionary assets of the City and thus are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

Data from the three pension plans are combined into a single aggregate presentation on pages 41 and 42 of this report. Individual fund data is provided in the form of combining statements elsewhere in this report. A more detailed description of the City's three pension trust funds may be found in the notes to the financial statements on pages 69 through 79.

Notes to the financial statements: The notes to the financial statements provide additional information essential to a complete understanding of data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 43 through 81 of this report.

Other information: In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the City's progress in funding its obligation to provide pension benefits to employees, as well as other post-employment benefits. This required supplementary information is on pages 82 through 91 of this report.

The combining statements referred to earlier in connection with nonmajor governmental funds are presented immediately following the required supplementary information on pensions and OPEB. Governmental combining and individual fund statements and schedules can be found on pages 92 to 120 of this report.

Government-wide Overall Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$ 249,636,474 at the close of the most recent fiscal year.

City of Plantation, Florida
Management's Discussion and Analysis (Unaudited)
September 30, 2017

The table below provides a summary of the City's net position for the past two fiscal years, as follows:

City of Plantation's Net Position

	Governmental Activities		Business-type Activities		Total	
	2017	2016	2017	2016	2017	2016
Current and other assets	\$ 144,038,187	\$ 75,091,805	\$ 82,570,139	\$ 81,211,065	\$ 226,608,326	\$ 156,302,870
Capital assets	118,175,250	103,733,287	114,409,994	108,605,231	232,585,244	212,338,518
Total assets	262,213,437	178,825,092	196,980,133	189,816,296	459,193,570	368,641,388
Total deferred outflows of resources	23,508,976	33,148,938	2,294,622	3,064,931	25,803,598	36,213,869
Long-term liabilities	173,419,588	114,727,923	35,135,582	38,140,031	208,555,170	152,867,954
Other liabilities	18,012,261	10,950,014	7,839,905	7,722,256	25,852,166	18,672,270
Total liabilities	191,431,849	125,677,937	42,975,487	45,862,287	234,407,336	171,540,224
Total deferred inflows of resources	833,078	501,905	120,280	126,000	953,358	627,905
Net position:						
Net investment in capital assets	94,139,726	91,733,623	98,756,038	94,774,355	192,895,764	186,507,978
Restricted	16,305,410	13,596,585	2,861,053	517,844	19,166,463	14,114,429
Unrestricted (Deficit)	(16,987,650)	(19,536,020)	54,561,897	51,600,741	37,574,247	32,064,721
Total net position	\$ 93,457,486	\$ 85,794,188	\$ 156,178,988	\$ 146,892,940	\$ 249,636,474	\$ 232,687,128

The overall net position of the City increased in fiscal year 2017. Changes in net position over time may serve as a useful indicator of a government's financial position. The total City's net position increased by \$ 16,949,346 or approximately 7.3% from \$ 232.7 million in 2016. The increase in net position was a result of operations in both the governmental and business-type activities.

By far the largest portion of the City's net position, 77.3% as compared to 80.2% at September 30, 2016, reflects its net investment in capital assets (e.g., land, intangibles, construction in progress, buildings, improvements other than buildings, infrastructure, library collections, and machinery and equipment), less any related debt used to acquire those assets that are still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's net investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the City's net position represents resources that are subject to external restrictions on how they may be used totaling \$ 19,166,463, representing 7.7% of the total net position. These are subject to external restrictions on how they may be used. The remaining balance, \$ 37,574,247 (15%) is unrestricted and may be used to meet the government's ongoing obligations to its citizens and creditors.

In governmental activities, there is a deficit of \$ (16,987,650) in unrestricted net position. There was a decrease in the deficit of \$ 2,548,370 when compared to the fiscal year ending September 30, 2016.

City of Plantation, Florida
Management's Discussion and Analysis (Unaudited)
September 30, 2017

In business-type activities, \$ 54,561,897 or 34.9% of net position are unrestricted, a \$ 2,961,156 increase from September 30, 2016. The increase in net position was primarily a result of operations.

At the end of the current fiscal year, the City is able to report positive balances in all three categories of net position for the government as a whole, as well as for its separate governmental and business-type activities except for the unrestricted deficit in governmental activities. The City's operations for the past two years are summarized as follows:

City of Plantation's Changes in Net Position

	Governmental Activities		Business-type Activities		Total	
	2017	2016	2017	2016	2017	2016
Revenues:

Revenues: For the fiscal year ended September 30, 2017, revenues from governmental activities totaled \$ 113,417,385 which was an increase of \$ 7,931,943 or 7.5% from the prior year.

- Charges for services decreased by \$ 204,961 primarily due to the completion of development projects within the City. This caused a decrease in overall permit fees of \$ 954,190 as well as impact fees decreasing by \$ 986,254. Offsetting these decreases were various fees associated with solid waste pick up and recycling that increased during the fiscal year by \$ 1,047,430.
- Operating grants increased by \$ 3,309,755 primarily due to the anticipated receipt of funds from the State and FEMA for the reimbursement of Hurricane Irma in addition to a slight increase in new grants for the fiscal year.
- The capital grants category increased by \$ 724,409 primarily due to an increase in the number of easements added in fiscal year 2017.
- Property tax revenue increased \$ 2,062,031 from a continued increase in property values.
- Other taxes increased by \$ 1,047,022 in the following areas: franchise fees of \$ 1,015,815, tax increments of \$ 216,271 and utility taxes of \$ 98,647. Communication service tax offset a slight portion with a decrease of \$ 283,710.
- Intergovernmental revenue increased \$ 288,140 primarily due to additional revenues received from state shared revenues for sales tax and ½ cent tax.
- Investment earnings based on favorable economic conditions resulted in an increase of \$ 198,177.
- Other revenues increased \$ 507,370 during the fiscal year primarily due to increased employee deductions for insurance premiums by \$ 271,395 and due to a refund for a policy premium of \$ 64,264.

For the fiscal year ended September 30, 2017, revenues from business-type activities increased by \$ 2,165,610 or 5.3% from the prior year.

- Charges for services increased by \$ 1,547,304 primarily due to increased water and wastewater rates of 5.6% as approved City Council July 2013. The Plantation Preserve restaurant also contributed to this increase by \$ 22,905 offsetting a decrease in golf revenues of \$ 54,245.
- Investment earnings decreased minimally by \$ 2,525 in part from the sale and use of funds that were previously invested to pay for projects.
- Other revenue had a slight increase of \$ 26 due to the disposal of a capital asset.
- Capital grants increased \$ 620,805 due to increased commercial development projects within the City.

Sources of Revenue: Government-wide for FY 2017

Expenses: For the fiscal year ended September 30, 2017, expenses for governmental activities totaled \$ 108,283,102 which was an increase of \$ 12,500,314 or 13.1% from the prior year. The expenses for business-type activities totaled \$ 31,522,168 which was an increase of \$ 806,944 or 2.6% from the prior year.

Functional Expenses: Government-wide for FY 2017

Financial Analysis of the City's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds: The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

- As of the close of the current fiscal year, the City's governmental funds reported a combined ending fund balance of \$ 126,920,488, an increase of \$ 60,806,309 or 92% in comparison with the prior year fund balance.
- The fund balance at the end of the fiscal year for the governmental funds consisted of the following:
 - \$ 5,220,170 or 4.1% of the fund balance is nonspendable fund balance for inventories, prepaids, and long-term interfund advances.
 - \$ 73,606,352 or 58% of the fund balance is restricted for specific purposes stipulated by external resource providers or imposed by law through constitutional provisions or enabling legislation.
 - \$ 2,471,184 or 1.9% is committed for budget stabilization and parking improvements.
 - \$ 31,584,546 or 24.9% is assigned fund balance which may be made for a specific purpose that is narrower than the general purposes of the government itself; and/or used to reflect the appropriation of a portion of existing unassigned fund balance to eliminate a projected deficit in the subsequent year's budget. Assigned fund balance reflects management's intended use of resources. Accordingly, fund balance has been assigned for salary parity \$ (4,749,734), pensions \$ (592,470), emergency relief \$ (5,600,000), medical benefits \$ (4,218,718), risk management \$ (6,663,131), other post-employment benefits \$ (2,000,000), cultural arts \$ (77,636), building department technology \$ (461,092), tree beautification \$ (1,196,617), special programs/donations \$ (90,660), and capital improvements \$ (5,934,488).
 - \$ 14,038,196 or 11.1% is unassigned fund balance which represents fund balance that is nonspendable or has not been restricted, committed, or assigned to specific purposes within the General Fund.

City of Plantation, Florida
Management's Discussion and Analysis (Unaudited)
September 30, 2017

Below is the analysis of the fund balances for fiscal year 2017:

	General Fund	Plantation Midtown Development District	Community Redevelopment Agency	2005 Community Redevelopment Agency Note	Community Redevelopment Agency Escrow	Community Redevelopment Agency Designated Capital Improvements	2017 Ad Valorem Bond	Other	Total
Fund balances, September 30, 2016	\$ 49,452,793	\$ 1,875,982	\$ -	\$ 412	\$ 726,947	\$ 1,891,616	\$ -	\$ 12,166,389	\$ 66,114,139

Assigned fund balance	29,858,282	-	-	-	-	-	-	1,726,264	31,584,546
Unassigned fund balance, (deficit) September 30, 2017	\$ 14,088,137	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -	\$ (49,941)	\$ 14,038,196

General Fund: The General Fund is the chief operating fund for the City. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$ 14,088,137. Total fund balance for the General Fund was \$ 51,693,887. As a measure of the General Fund's liquidity, it is useful to compare both unassigned fund balance and total fund balance to total General Fund expenditures and other financing uses. Unassigned fund balance represents 14.3% of the total General Fund expenditures, including transfers, and the total fund balance represents 50.5%. The fund balance in the City's General Fund increased \$ 2,241,094 in total during the current fiscal year.

Revenues: The amount of General Fund revenue by type, their percentage of the total and the amount of change compared to the last two fiscal years are shown in the following schedule:

	Current year 9/30/17	1 Year Ago 9/30/16	2 Years Ago 9/30/15	Change Over Past 2 Years	Change Percentage
General Fund Revenues:					
Property taxes	\$ 46,641,484	\$ 44,628,668	\$ 40,165,717	\$ 6,475,767	16.12%
Utility taxes	7,484,640	7,385,993	7,281,468	203,172	2.79%
Franchise taxes	8,543,707	7,527,892	7,378,662	1,165,045	15.79%
Licenses and permits	7,012,403	7,496,654	5,325,493	1,686,910	31.68%
Intergovernmental	13,913,150	14,062,309	14,255,385	(342,235)	-2.40%
Fines and forfeitures	930,252	951,087	909,819	20,433	2.25%
Charges for services	13,121,070	11,660,801	13,456,229	(335,159)	-2.49%
Investment income	659,726	617,535	440,326	219,400	49.83%
Miscellaneous	3,390,628	3,651,592	3,942,803	(552,175)	-14.00%
Total revenues	\$ 101,697,060	\$ 97,982,531	\$ 93,155,902	\$ 8,541,158	9.17%

General Fund operating revenue totaled \$ 101,697,060, reflecting an increase of \$ 8,541,158 over two years when compared to fiscal year ending September 30, 2015.

Expenditures. The amount of General Fund expenditures by type, their percentage of the total and the amount of change compared to the last two fiscal years are shown in the following schedule:

	Current Year 9/30/17	1 Year Ago 9/30/16	2 Years Ago 9/30/15	Change Over Past 2 Years	Change Percentage
General Fund Expenditures:					
General government	\$ 14,596,218	\$ 15,227,215	\$ 13,954,060	\$ 642,158	4.60%
Public safety	56,025,345	50,710,086	50,144,103	5,881,242	11.73%

Capital outlay	4,556,703	2,885,219	3,649,001	907,702	24.88%
Principal and interest	1,203,248	288,584	479,845	723,403	150.76%
Total expenditures	\$ <u>100,640,963</u>	\$ <u>89,858,677</u>	\$ <u>88,404,667</u>	\$ <u>12,236,296</u>	<u>13.84%</u>

General Fund operating expenditures totaled \$ 100,640,963, reflecting an increase of \$ 12,236,296 over two years when compared to fiscal year ending September 30, 2015.

Plantation Midtown Development District. The Plantation Midtown Development District Fund balance increased \$ 264,539 resulting in an ending fund balance of \$ 2,140,521.

Community Redevelopment Agency. The CRA fund had an increase in revenue of \$ 218,438; primarily due to property value increases causing an increase in CRA incremental tax receipts of \$ 216,271.

2005 Community Redevelopment Agency Note. The 2005 Community Redevelopment Agency Note provided financing for the CRA's portion of a grant payable to the developer of the Altman Property. The note balance is due in equal payments of principle and interest beginning in August 2006. Annual payments are budgeted in the CRA operating fund and transferred to the CRA Escrow Fund when due. The CRA Escrow Fund transfers the monies to the CRA 2005 Note to pay the debt. Total principle and interest payments to the 2005 CRA Note in FY2017 amounted to \$ 128,173.

Community Redevelopment Agency Escrow. The CRA Escrow Fund is where excess revenues over expenditures from the CRA operating fund are transferred at fiscal year-end (only if the funds are not needed to cover capital improvement projects. If funds are needed to cover capital improvement projects, the excess funds are transferred to the CRA Capital Improvement Fund instead). Also transferred from the CRA operating fund, to the CRA escrow fund, are monies required to cover annual outstanding debt payments for the 2005 CRA Note, and the CRA portion of the 2013 Refunding Revenue Note. Funds transferred for outstanding debt payments in FY2017 amounted to \$ 128,140 (2005 CRA Note) and \$ 390,397 (2013 Refunding Revenue Note).

Community Redevelopment Agency Designated Capital Improvements. The Community Redevelopment Agency Designated Capital Improvements Fund is where all capital improvement projects are recorded. When capital projects are in progress, excess funds from the CRA operating fund are transferred here to cover the costs. Funds transferred from the CRA operating fund in FY2017 totaled \$ 479,859.

2017 Ad Valorem Bond. This fund received the proceeds from the issuance of the 2017 Ad Valorem Bond which will be used for public safety, parks and recreation and public works capital improvements.

General Fund Budgetary Highlights

During fiscal year 2017, the City made various budget amendments which were approved by City Council to maintain budget compliance within its major categories. As required by the City Code of Ordinances, contracts and purchases in excess of \$ 25,000 were approved by City Council. Exceptions to this policy are detailed in the City Code of Ordinances.

Actual General Fund revenues increased \$ 5,371,958 when compared to the amended budget. This was primarily due to increased revenues received in the areas of utilities service taxes, license/permit fees, state shared revenues, charges for services and delinquent ad valorem taxes. Actual General Fund expenditures decreased \$ 7,873,506 when compared to the amended budget. The majority of this favorable variance was due to a rollover of capital outlay to the subsequent year's budget in the amount of \$ 1,982,511. Other expenditures savings were experienced in the areas of personnel, materials, supplies and outside services.

	General Fund		
	Original Budget	Final Budget	Actual Amounts
Revenues:			
Taxes	\$ 62,023,110	\$ 62,023,110	\$ 62,669,831
Permits and fees	4,583,970	4,583,970	7,012,403
Intergovernmental	13,535,543	13,535,543	13,913,150
Charges for services	10,070,230	11,437,780	13,121,070
Other	4,736,049	4,744,699	4,980,606
Total	94,948,902	96,325,102	101,697,060
Expenditures	98,689,031	108,514,469	100,640,963
Excess of revenues under expenditures	(3,740,129)	(12,189,367)	1,056,097
Other financing sources (uses):			
Transfers in	3,002,126	3,002,126	2,529,015
Transfers out	(1,732,370)	(1,738,898)	(1,738,294)
Capital leases	117,000	117,000	394,276
Total	1,386,756	1,380,228	1,184,997
Net change in fund balances	\$ (2,353,373)	\$ (10,809,139)	\$ 2,241,094

The most significant difference between the adopted budget and the amended budget is contributed to the rollover of capital outlay from the prior year. The budget was amended by \$ 3,658,229 for capital improvement projects, machinery and equipment. Significant rollover items included replacement of various special operation units, a fire engine, a rescue truck, an air support unit and upgrades for various stations for the fire/fire rescue. Other items included a dispatch center for police, security cameras for council chambers, refresh applications servers for information technology, a roof replacement for City Hall and a new diving board high tower for Central Park's pool 1.

At the end of fiscal year 2017, the budget was amended by \$ 6,172,877 to cover personnel and operating expenditures due to Hurricane Irma. Adjustments were made to the Emergency/Disaster Relief and Emergency Preparedness Fund Balances in order to cover the significant expenditures incurred from the debris disposal, monitors and haulers. Adjustments were also made to the Risk Management Fund Balance to cover expenditures incurred as a result of the closure of various legal cases and to the Tree Beautification Fund Balance to cover operating and capital expenditures.

Capital Assets and Debt Administration

Capital assets: The City's capital assets for its governmental and business-type activities at the end of the fiscal year 2017 totaled \$ 232,585,244 (net of accumulated depreciation). Approximately 48.9% of this investment is related to governmental activities and includes land, intangibles, construction in progress, buildings, improvements other than buildings, infrastructure, library collections, and machinery and equipment. Capital assets held by the City at the end of the current fiscal year are summarized as follows:

Capital Assets at Year-End (Net of accumulated depreciation)

	Governmental Activities		Business-Type Activities		Total	
	2017	2016	2017	2016	2017	2016
Land	\$ 26,412,610	\$ 26,412,610	\$ 10,414,360	\$ 10,414,360	\$ 36,826,970	\$ 36,826,970
Intangibles	9,492,082	8,643,001	-	-	9,492,082	8,643,001
Construction in progress	5,589,048	2,059,909	7,441,886	8,385,504	13,030,934	10,445,413
Buildings	11,815,459	12,587,893	11,951,601	12,845,215	23,767,060	25,433,108

Library collections	444,275	402,973	-	-	444,275	402,973
Machinery and equipment	26,592,609	14,207,519	6,363,897	6,418,327	32,956,506	20,625,846
Total	\$ 118,175,250	\$ 103,733,287	\$ 114,409,994	\$ 108,605,231	\$ 232,585,244	\$ 212,338,518

In the governmental funds, major additions included 30 vehicles, 3 fire truck chassis, 20 Tasers, 36 rifle & gun kits, 2 LPR speed trailer cameras, 1 3D laser scanner, 30 sets of Bunker Gear, 1 chest compression system, 1 Aircraft Radio System and 1 air condition unit for public safety. Other additions included 2 roof replacements for the City Hall and Development Services buildings, 1 chipper truck and new flooring at Volunteer Park.

In the business-type funds, major additions included 75 golf carts, 1 John Deere sprayer, 11 pickup trucks, 2 bypass pumps, 2 deep well pumps, 2 submersible pumps, 2 generator blowers, a Liftstation rehab and various other Utility construction improvement projects.

More detailed information about the City's capital assets is presented in Note II.C. of the financial statements.

Long-term debt: At the end of the current fiscal year, the City had total outstanding debt of \$ 109,984,924. This debt consists of bonds, revenue notes, a special assessment note and capital leases. The City has \$ 59,864,821 ad valorem bonds, \$ 11,308,880 non-ad valorem revenue note, a \$ 209,868 Acres IV Special Assessment Note for a Plantation Acres Roadway Improvement Project and \$ 10,028,249 in capital leases. Also included is \$ 28,573,106 for the Series 2013 Utility System Revenue Note and the Non-Ad Valorem Refunding Note, Series 2013.

City of Plantation, Florida
Management's Discussion and Analysis (Unaudited)
September 30, 2017

Outstanding Long Term Debt at Year-End

	Governmental Activities		Business-Type Activities		Total	
	2017	2016	2017	2016	2017	2016
Bonds payable	\$ 49,370,000	\$ -	\$ -	\$ -	\$ 49,370,000	\$ -
Premium on bonds payable	10,494,821	-	-	-	10,494,821	-
Notes payable	11,308,880	12,838,485	28,573,106	31,020,617	39,881,986	43,859,102
Special assessment note with government commitment	209,868	233,457	-	-	209,868	233,457
Capital leases	10,028,249	292,241	-	-	10,028,249	292,241
Total	\$ 81,411,818	\$ 13,364,183	\$ 28,573,106	\$ 31,020,617	\$ 109,984,924	\$ 44,384,800

The City's total debt of \$ 109,984,924 increased, during the current fiscal year, by \$ 65,600,124 or 148%. The key factors for this change were as follows:

- Governmental activities reflect an increase in Bonds payable of \$ 59,864,821 for the Series 2017 Ad Valorem Bond. Offsetting this was decreases in both governmental and business-type activities totaling \$ 3,977,116 for annual debt payments.
- Capital leases increased for governmental activities by \$ 9,736,008 with the addition of leases with Motorola and Dell Computers.

Additional information on the City's long-term debt can be found on pages 63 through 66 of this report.

Economic Factors and Next Year's Budgets and Rates

On November 8, 2016, residents voted overwhelmingly to approve the issue of a \$ 60,000,000, 20 year term ad valorem bond. The bond proceeds will fund capital improvements in the areas of Public Safety, Parks & Recreation, and Public Works/Stormwater. The debt millage rate required to pay the annual debt service of the ad valorem bond in fiscal year 2018 is 0.4880.

According to the Broward County Property Appraiser the City of Plantation's tax roll increased \$ 620,449,726. Property gross taxable values increased 7.56% or \$ 8,829,971,762 as of July 1, 2017 when compared to the adjusted values of the prior year. The City of Plantation adopted a millage rate of 5.7500 for fiscal year 2018 which is expected to generate approximately \$ 48,741,444 in property tax revenues compared to \$ 46,705,004 budgeted in fiscal year 2017. The above increases are evidence that the outlook for fiscal year 2018 is good and the overall economy/construction industry are improving.

Requests for Information

This financial report is designed to provide a general overview of the City's finances and to demonstrate the City's accountability for the money it receives. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of the Finance Director, 400 NW 73rd Avenue, Plantation, Florida, 33317-1609.

City of Plantation, Florida
Reconciliation of the Balance Sheet of Governmental Funds
to the Statement of Net Position
September 30, 2017

Fund balances - total governmental funds, page 29
\$ 126,920,448

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds:

Governmental capital assets	241,692,823
Less: accumulated depreciation	(123,517,573)

Net pension liabilities used in governmental activities are not financial resources and, therefore, are not reported in the funds.	(74,532,629)
--	--------------

Other assets used in governmental activities are not financial resources and, therefore, are not reported in the funds:

Recoverable non-current workers' compensation liability	1,252,328
---	-----------

Unavailable revenue in governmental funds is susceptible to full accrual on the government-wide statements.	3,630,468
---	-----------

Certain liabilities and related deferred inflows and outflows are not due and payable in the current period and, therefore, are not reported in the funds:

Governmental loans payable	(71,383,569)
Capital leases payable	(10,028,249)
Claims liabilities	(4,709,052)
Deferred charge	75,352
Compensated absences	(6,747,159)
Other post-employment benefits liability	(11,115,359)
Accrued interest payable on bonds	(680,889)
Deferred outflows related to pension	23,433,624
Deferred inflows related to pension	(833,078)

Net position of governmental activities, page 26	\$ 93,457,486

City of Plantation, Florida
Reconciliation of the Statement of Revenues, Expenditures and Changes in
Fund Balances of Governmental Funds to the Statement of Activities
For the Year Ended September 30, 2017

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds, page 32	\$ 60,806,309
Capital outlays, reported as expenditures in governmental funds, are shown as capital assets in the statement of net position.	19,281,820
The net effect of various miscellaneous transactions involving capital assets (i.e., sales, trade-ins, and donations) is to increase net position.	827,564
Depreciation expense on governmental capital assets is included in the governmental activities in the statement of net position.	(5,667,421)
Principal payments on long-term debt are reported as expenditures in governmental funds, but as a reduction of long-term liabilities in the statement of net position.	2,705,501
The issuance of long-term debt provides current financial resources to governmental funds; however, has no effect on net position.	(70,885,981)
Revenues that are earned but not received within the availability period are recognized in the statement of activities when earned and subsequently in the governmental fund financial statements when they become available. The net difference is recorded as a reconciling item.	3,455,412
Certain items reported in the statement of activities do not require the use of current financial resources, and therefore, are not reported as expenditures or credits in the governmental funds.	
Provision for amortization of bond premium	132,845
Provision for amortization of deferred charge - Series 2013	(10,765)
Change in other post-employment benefits liability	(1,523,279)
Change in compensated absences	(280,382)
Change in claims payable	(75,528)
Change in net pension liability	9,500,067
Change in accrued interest expense on long-term debt	(642,494)
Change in deferred outflows related to pension	(9,629,197)
Change in deferred inflows related to pension	(331,173)
Change in net position of governmental activities, page 27	\$ 7,663,298

I. Summary of significant accounting policies

A. Reporting Entity

The City of Plantation (the "City") was incorporated in April 1953. It is located in the western portion of Broward County, Florida and has a population of approximately 92,717 residents living within an area of approximately 23 square miles. The City was established under the provisions of Section 7, Chapter 29446, Laws of Florida, Special Acts of 1953. The City is governed by an elected mayor and five-member council. The City provides the following services: general government, public safety, physical environment, transportation, economic environment, and culture and recreation. The City also operates three enterprise funds which provide water and wastewater services, a golf course and stormwater services.

In evaluating the City as a reporting entity, management has addressed all potential component units for which the City may or may not be financially accountable and, as such, be includable within the City's financial statements. The City follows GASB Statement No. 61, *The Financial Reporting Entity: Omnibus*, which requires organizations that previously were required to be included as component units by meeting the fiscal dependency criterion, a financial benefit or burden relationship also would need to be present between the primary government and that organization for it to be included in the reporting entity as a component unit. For component units that currently are blended based on the "substantively the same governing body" criterion, it additionally requires that (1) the primary government and the component unit have a financial benefit or burden relationship or (2) management (below the level of the elected officials) of the primary government have operational responsibility for the activities of the component unit. The Statement provides that a component unit should be included in the reporting entity financial statements using the blending method in any of these circumstances: (a) the component unit's governing body is substantively the same as the governing body of the primary government and (1) there is a financial benefit or burden relationship between the primary government and the component unit or (2) management of the primary government has operational responsibility for the component unit; (b) the component unit provides services entirely, or almost entirely, to the primary government or otherwise exclusively or almost exclusively, benefits the primary government even though it does not provide services directly to it; or (c) the component unit's total debt outstanding, including leases, is expected to be repaid entirely or almost entirely with resources of the primary government. Based on these requirements, the City maintains three blended component units.

Blended component units. The Plantation Gateway Development District ("PGDD") was created by Ordinance 1537 in 1988. It was created pursuant to Section 59, Chapter 87-243, Laws of Florida which provides that the governing body of a municipality may adopt an ordinance authorizing the formation of Safe Neighborhood Improvement Districts in accordance with the provisions of that Act. In addition, the City Council adopted Ordinance 1531 authorizing the creation of Safe Neighborhood Districts within the City of Plantation. The PGDD was established to revitalize State Road 7, within the City of Plantation, to encourage economic growth for the businesses and improve the quality of life for its residents. The governing body of the City is the governing body of the PGDD and management of the City has operational responsibility for the PGDD.

The Plantation Midtown Development District ("PMDD") was created by Ordinance 1569 in 1988. Section 163.504, Florida Statutes, provides that the governing body of a municipality may adopt an ordinance authorizing the formation of a Safe Neighborhood Improvement District within the City. In addition, the City Council adopted Ordinance 1531 authorizing the creation of Safe Neighborhood Districts within the City of Plantation. The PMDD was established to revitalize the western portion of the City and to encourage economic growth. The governing body of the City is the governing body of the PMDD and management of the City has operational responsibility for the PMDD.

The Plantation Community Redevelopment Agency (CRA) was created by Ordinance 2210 in 2000. The City determined that it was necessary to establish a CRA under Part III, Chapter 163, Florida Statutes, in order to establish the necessary means by which the debilitating blight can be arrested and erased and in order to proceed with a redevelopment and revitalization plan for the Redevelopment Area. The purpose was to deter blight and deterioration, protect and enhance public expenditures made by the CRA and the City in the redevelopment area, to protect and enhance property values, to encourage and foster revitalization and economic growth, and to increase the peace and safety of residents working or living within or adjacent to the redevelopment area. As a tax increment district, the CRA receives operating revenues from taxing jurisdictions within Broward County. Funds are also provided by fees collected, interest income, and the unexpended fund balance from the previous year. The funds of the CRA include the Community Redevelopment Agency Special Revenue Fund, 2005 Community Redevelopment Agency Note Debt Service Fund, Community Redevelopment Agency Escrow Debt Service Fund, and Community Redevelopment Agency Designated Capital Improvements Capital Projects Fund. The governing body of the City is the governing body of the CRA and management of the City has operational responsibility for the CRA.

The City Council establishes rates for ad valorem taxes for the PGDD and the PMDD.

Separate financial statements are not required or prepared for the PGDD, PMDD or CRA. The CRA funds are reported as major governmental funds per the requirement of Section 163.387, Florida Statutes.

B. Government-wide and fund financial statements

The financial statements of the City have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the standard-setting body for governmental accounting and financial reporting.

Effective for fiscal year end September 30, 2017, the City implemented four new GASB statements of financial accounting standards.

Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans, was issued in June 2015. The Statement improves the usefulness of information about postemployment benefits other than pensions (other postemployment benefits or OPEB) included in the general purpose external financial reports of state and local governmental OPEB plans for making decisions and assessing accountability. The provisions for this Statement are effective for fiscal year ending September 30, 2017. The Statement had no impact on the City's financial statements.

Statement No. 77, Tax Abatement Disclosures, was issued in August 2015. This Statement provides disclosure of tax abatement information about (1) a reporting government's own tax abatement agreements and (2) those that are entered into by other governments and that reduce the reporting government's tax revenues. The provisions for this Statement are effective for fiscal year ending September 30, 2017. The Statement had no impact on the City's financial statements.

Statement No. 80, Blending Requirements for Certain Component Units, an Amendment of GASB Statement No. 14, was issued in January 2016. This Statement amends the blending requirements for the financial statement presentation of component units of all state and local governments. The additional criterion requires blending of a component unit incorporated as a not-for-profit corporation in which the primary government is the sole corporate member. The provisions for this Statement are effective for fiscal year ending September 30, 2017. The Statement had no impact on the City's financial statements.

Statement No. 82, Pension Issues - An Amendment of GASB Statements No. 67, No. 68, and No. 73, was issued in March 2016. The objective of this Statement is to address certain issues that have been raised with respect to *Statements No. 67, Financial Reporting for Pension Plans, No. 68, Accounting and Financial Reporting for Pensions, and No. 73, Accounting and Financial Reporting for Pensions and Related Assets* that are not within the Scope of GASB Statement No. 68, and Amendments to Certain Provisions of GASB Statements No. 67 and No. 68. The provisions for this Statement are effective for fiscal year ending September 30, 2017. The Statement had no impact on the City's financial statements.

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the City and its component units. Fiduciary funds have been excluded from this presentation since these resources are not available for general government funding purposes. These statements report on the government as a whole and provide a consolidated financial picture of the government. As part of the consolidation process, interfund activities are eliminated to avoid distorted financial results. The amounts reported as internal balances represent the residual amounts due between governmental and business-type activities. The statement of net position reports all financial and capital resources of the City's governmental and business-type activities. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which direct expenses of given functions or segments are offset by program revenues. Direct expenses are those expenses that are clearly identifiable within a specific function or segment. Program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, and 2) grants and contributions that are restricted to meeting operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Since the governmental fund financial statements are presented on a different measurement focus and basis of accounting than the government-wide statements, a reconciliation is provided which briefly explains the adjustments necessary to reconcile the governmental fund financial statements to the governmental activities of the government-wide presentations.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement focus, basis of accounting, and financial statement presentation

Measurement focus is used to describe types of transactions and events reported in a fund's operating statement. Basis of accounting is when revenues and expenditures/expenses are recognized in accounts and reported in the financial statements. Basis also relates to the timing of the measurement made, regardless of the measurement focus applied.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized in the accounting period in which they become measurable and available to finance expenditures of the current period. Measurable is the amount of the transaction that can be determined and available is collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The City considers revenues to be available if they are collected within 60 days of the end of the fiscal year. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, claims, and judgments, are recorded only when payment is due.

Property taxes, sales taxes, franchise taxes, utility taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and are recorded as earned since they are measurable and available. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. In applying the susceptible to accrual concept to intergovernmental revenues, revenues are recognized when all eligibility requirements are met. All other revenue items are considered to be measurable and available only when cash is received by the City.

The financial transactions of the City are recorded in individual funds. The operations of each fund are accounted for using a separate set of self-balancing accounts. These accounts consist of assets, liabilities, deferred outflows/deferred inflows of resources, fund equities, revenues, and expenditures/expenses. Fund accounting is used to demonstrate legal compliance and to assist financial management by segregating transactions related to certain government functions or activities.

Generally accepted accounting principles establish minimum criteria to determine major funds. These criteria consist of a percentage of the assets, liabilities, deferred outflows/deferred inflows of resources, revenues, or expenditures/expenses of the applicable fund category and the governmental and enterprise funds combined. Nonmajor funds are presented in a single column in the respective fund financial statements.

Governmental funds are used to account for the City's general government activities. The City reports the following major governmental funds:

The *General Fund* is the primary operating fund of the City. It accounts for all financial resources of the general government except those required to be accounted for in a separate fund, due to legal or other requirements. Revenue is derived primarily from property taxes, utility taxes, franchise taxes, licenses and permits, intergovernmental, and charges for services. General operating expenditures, fixed charges, and capital outlay costs that are not paid through other funds are paid from the General Fund.

The *Plantation Midtown Development District Fund* is used to account for the receipt and disbursement of additional tax monies from the City's Midtown Development District.

The *Community Redevelopment Agency Fund*, *2005 Community Redevelopment Agency Note Fund*, *Community Redevelopment Agency Escrow Fund* and *Community Redevelopment Agency Designated Capital Improvements Fund* are used to account for the activities for the City's Community Redevelopment Agency whose purpose is the redevelopment of certain blighted areas of the City. In accordance with Florida Statute 163.387, each of these funds is presented as a major fund. The annual audit of these funds included an evaluation in light of the applicable requirements of Section 163.387. Per City's management, the year end fund balance of \$ 2,364,014 has been restricted for specific redevelopment projects pursuant to the Community Redevelopment Plan and the year end fund balance of \$ 1,005,167 has been restricted to reduce the amount of indebtedness to which the tax increment revenues are pledged.

The *2017 Ad Valorem Bond Fund* is used to account for the 2017 bond proceeds that are restricted for the construction of various capital improvements in the areas of public safety, parks and recreation and public works.

The other governmental funds are a summary of all the nonmajor governmental funds.

The City reports the following major proprietary funds:

The *Water and Wastewater Services Fund* accounts for water and wastewater services provided to the residents of the City.

The *Golf Course Fund* accounts for the operations of the municipal golf course.

The City reports the Stormwater Fund, which accounts for the stormwater control activities of the City, as a nonmajor proprietary fund.

Additionally, the City reports the following fund type:

The fiduciary funds account for the activities of the General Employees' Pension Trust, Police Officers' Pension Trust and the Volunteer Firefighters' Pension Trust. These funds are used to accumulate resources for pension benefit payments to qualifying City employees.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes where the amounts are reasonably equivalent in value to the interfund services provided between the City's water and wastewater services function and various other functions of the City. Elimination of these charges would distort the direct costs and program revenues reported for those sectors.

Amounts reported as program revenue in the government-wide financial statements include: 1) charges to customers for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. All revenues that are not program revenue are general revenue, and include all taxes, as well as grants, contributions, and investment earnings that are not restricted to a particular program. Internally dedicated resources are reported as general revenues, rather than as program revenues.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise funds are charges to customers for sales and services. Operating expenses for enterprise funds include the costs of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses that do not meet this definition are reported as non-operating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, and then unrestricted resources as they are needed. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is used first, followed by assigned fund balance. Unassigned fund balance is used last.

D. Assets, liabilities, deferred outflows/inflows of resources, and net position/fund balance

1. Cash and cash equivalents

The City has defined cash and cash equivalents to include cash on hand, demand deposits, short-term investments (including restricted assets) with original maturities at time of purchase of three months or less, Florida State Board of Administration's (SBA) Florida PRIME Investment Pool (Florida PRIME), and equity in the City's pooled cash.

Pooled cash is an investment tool employed by the City that maximizes earning potential by investing large amounts of idle cash for short periods of time. This pool has deposits and other investments with maturities generally less than one year. In addition, longer term investments are also held by the investment pool. The City maintains pooled cash accounts in all of its funds except for the pension trust funds and some debt service funds. Income earned from the pooling of investments is allocated to the respective funds quarterly. Each fund's equity in the City's pooled cash is considered to be a cash equivalent since the funds can deposit or effectively withdraw cash at any time without prior notice or penalty. In addition to insurance provided by the Federal Depository Insurance Corporation, all deposits are held in banking institutions approved by the State Treasurer of the State of Florida to hold public funds. Under Florida Statutes Chapter 280, Florida Security for Public Deposits Act, the State Treasurer requires all Florida qualified public depositories to deposit with the Treasurer of other banking institution eligible collateral. In the event of a failure of a qualified public depository, the remaining public depositories would be responsible for covering any resulting losses. Accordingly, all amounts reported as deposits are insured or collateralized with securities held by the entity or its agent in the entity's name.

The City invests surplus funds in a variety of investment vehicles including the Florida PRIME, an external investment pool. The City owns shares of the pool and not the underlying securities. SBA administers the fund and provides regulatory oversight. The fund is managed by Federated Investors. Florida PRIME is governed by Chapter 19-7 of the Florida Administrative Code, as well as Florida Statutes Chapters 215 and 218. These rules provide guidance and establish policies/general operating procedures for administration of the pool.

The Florida PRIME has adopted operating procedures consistent with the requirement for a 2a-7 like fund. A 2a-7 like external investment pool is one that is not registered with the SEC as an investment company, but nevertheless has a policy that it will, and does, operate in a manner consistent with SEC rule 2a-7, which governs the operation of SEC regulated money market funds. The City's investment in the Florida PRIME is reported at amortized cost. The fair value of the position in the pool is equal to the value of the pool shares. The Florida PRIME is rated by Standard and Poor's and has a current rating of AAAm. The investments in Florida PRIME are not insured by FDIC or any other governmental agency.

2. Investments

The City's investments, including restricted investments, may consist of U.S. government securities; savings and loan association deposits in state-certified qualified public depositories; investment-grade obligations of state, provincial, and local governments and public authorities; money-market mutual funds regulated by the Securities and Exchange Commission and whose portfolios consist only of domestic securities; Local Government Surplus Funds Trust Fund or any intergovernmental, investment pool authorized through the Florida Interlocal Cooperation Act; and repurchase agreements for overnight investments authorized through bank agreements.

Investments are stated at fair value (quoted market price or the best available estimate thereof). However, money market investments, including short-term, highly liquid investments with a remaining maturity at time of purchase of one year or less, are reported at amortized cost.

Certain loan agreements authorize trust account investments in deposit accounts of any banks that are fully insured or fully collateralized.

The investments of fiduciary funds are managed by a Board of Trustees and are maintained in separate bank accounts. Their portfolios may consist of obligations guaranteed by the U.S. government, time or savings accounts, corporate bonds, common or preferred stocks, international equity funds and mutual funds. Net change in fair value of investments is comprised of the change in net unrealized gain (loss) and net realized gain (loss) based upon sales within these funds.

3. *Receivables and payables*

During the course of operations, the City has numerous transactions between funds to provide goods or render services. Transactions between funds that are representative of lending/borrowing arrangements outstanding at fiscal year-end are referred to as either “interfund receivables/payables” (i.e., the current portion of the interfund loans) or “advances to/from other funds” (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as “due to/due from other funds”. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as “internal balances.”

Advances to other funds (an asset), as reported in the governmental fund financial statements, are classified as nonspendable fund balance. This indicates that these monies are not available for appropriation and are not expendable available financial resources.

Customer receivables are shown net of an allowance for uncollectible. All assessments are reported, including delinquencies.

4. *Inventories and prepaid items*

Inventories are maintained on a consumption basis of accounting where items are purchased for inventory and charged as an expenditure/expense as items are consumed. The reported governmental fund type inventories are classified as nonspendable fund balance because they do not constitute available spendable resources. Inventories held by the General Fund consist of fuel, tires, postage, and miscellaneous parts and supplies. Inventories included in the enterprise funds consist of chemicals, fuel, meters, and miscellaneous parts and supplies. All inventories are valued at cost using the first-in/first-out (FIFO) or weighted average method.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. Prepaid items in the governmental fund financial statements are classified as nonspendable fund balance. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

5. *Restricted assets*

Assets of the City are reported as restricted due to requirements of externally imposed constraints or by legislation. Certain assets of the governmental funds have been classified as restricted because their use is restricted by a loan agreement for the City’s debt service requirements.

Restricted assets in the enterprise funds include funds restricted by customer deposits. Restricted assets also represent cash/investments that are to be used for maintaining wetlands at the golf course.

6. *Capital assets*

Capital assets, which include property, plant, equipment, intangibles, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities column in the government-wide financial statements and in the fund financial statements for proprietary funds. Capital assets, such as machinery and equipment, are defined by the City as assets with an initial, individual cost of more than \$ 1,000 and an estimated useful life in excess of one year. All land acquisitions and donations are capitalized. Capital assets are valued at historical cost or estimated cost if actual historical cost is not available. Additions, improvements, and expenditures that significantly extend the useful life of improvements other than buildings and infrastructure are capitalized. Donated and confiscated capital assets are valued at their acquisition value on the date donated or when awarded by the courts.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized, but are expensed as incurred. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Most capital assets are depreciated using the straight-line method over the following estimated useful lives.

Buildings	30 years
Improvements other than buildings	30 years
Public domain infrastructure	30-50 years
Vehicles	5-10 years

Infrastructure and books/subscriptions are depreciated using the composite method. The composite method of depreciation applies a rate to the total composite value which is increased by additions or improvements and decreased by disposals. Interest incurred during the construction phase of capitalized assets of business-type activities is included as part of the capitalized value of the assets constructed.

Contributions of funds from federal, state, or local sources for the purpose of purchasing property, plant, and equipment, as well as connection fees intended to recover the cost of connecting new customers to the system, are recorded as capital contributions on the proprietary statement of revenues, expenses, and changes in fund net position.

7. *Deferred outflows/inflows of resources*

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflow of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City has two items that qualify for reporting in this category. They are the deferred charge on refunding and deferred outflows related to pensions reported in the government-wide statement of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or the refunding debt. Changes in total pension liability arising from the differences between expected and actual experience, assumption changes and difference between projected and actual earnings on pension plan investments are recognized as deferred outflows of resources. They are amortized over five years and included in pension expenses.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The government has three items that qualify for reporting in this category. One item, unavailable revenue, is reported only in the governmental funds balance sheet. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. In addition, a deferred charge on refunding which results from the difference in the carrying value of refunded debt and its reacquisition price is reported in the business-type activities. Lastly, changes in total pension liability arising from the differences between expected and actual experience are recognized as deferred inflows of resources.

8. *Compensated absences*

It is the City's policy to permit employees to accumulate earned but unused vacation and sick pay benefits, which will be paid to employees upon separation from City service if certain criteria are met. The accumulated compensated absences and associated employee-related costs are accrued when incurred in the government-wide and proprietary fund financial statements. The current portion is the amount estimated to be used in the following fiscal year. Expenditures for accumulated compensated absences have been reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements. Compensated absences for governmental funds represent a reconciling item between the fund and the government-wide presentations. In the proprietary fund financial statements, vested or accumulated vacation and sick leave, both current and non-current, is recorded as an expense and liability of the relevant proprietary fund as the benefits accrue to employees.

9. *Long-term obligations*

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Deferred amounts on refunding are amortized over the shorter of the remaining life of the old debt or the life of the new debt.

In the fund financial statements, the face amount of debt issued is reported as other financing sources. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

10. *Net position/fund balances*

Net position is the result of assets and deferred outflows of resources less liabilities and deferred inflows of resources. The net position of the government-wide and proprietary funds are categorized as net investment in capital assets, reduced by accumulated depreciation and any outstanding debt incurred to acquire, construct or improve those assets excluding unexpended debt proceeds. This first category represents net position related to property, plant, equipment, and infrastructure. The restricted category represents the balance of assets restricted by requirements of debt covenants and other externally imposed constraints or by legislation in excess of the related liabilities payable from restricted assets. Unrestricted net position consists of the net position not meeting the definition of either of the other two components.

In the fund financial statements, governmental funds report five categories of fund balances: non-spendable, restricted, committed, assigned, and unassigned. Non-spendable fund balances are amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. Restricted fund balances are amounts constrained for specific purposes by external parties (creditors, grantors, or contributors), law, or enabling legislation legally enforceable by external parties. Amounts that can only be used for specific purposes pursuant to constraints imposed by City Council (highest level of decision making authority) through an ordinance or resolution (which are both equal and the highest level of decision making) are classified as committed fund balances. The limitation imposed by the resolution/ordinance remains in place until similar action is taken (adoption of another resolution/ordinance) to remove or revise the limitation. Assigned fund balances are amounts without formal constraints, but are intended to be used for specific purposes. This intent can be expressed by the City Council or through the Council delegating this responsibility to City management. The City Council has by resolution authorized management to assign fund balance. Unassigned fund balance represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the General Fund. The General Fund should be the only fund that reports a positive unassigned balance. In all other funds, unassigned fund balance is limited to negative residual fund balance.

The City's policy is to use restricted amounts first when both restricted and unrestricted fund balance is available unless there are legal documents/contracts that prohibit doing this, such as in grant agreements requiring dollar for dollar spending. Additionally, the City would first use committed fund balance, followed by assigned amounts, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of those classifications could be used.

11. Fund balance stabilization policy

The City's policy is to maintain a committed balance of \$ 2,400,000 in the General Fund for the current fiscal year for the purposes of budget stabilization. This fund balance commitment is needed to prepare for events including, but not limited to: revenue declines where anticipated or unforeseen, unanticipated expenditures, and unfunded mandates. Monies from this fund balance should only be utilized in the event of such occurrences and must be approved by resolution or ordinance of the City Council.

In the case of revenue declines, the use of the budget stabilization reserve should not exceed the decline in revenues or 5% of the ad valorem tax levy for the current fiscal year, whichever is less. Once the revenues begin to rise, then the budget stabilization fund balance should be replenished to prepare for future events. The City will attempt to replenish this reserve over a five-year period beginning when revenues start to increase from prior year levels.

In the case of unanticipated expenditures or unfunded mandates, the use of the budget stabilization reserve should not exceed the additional expenditure or 5% of the ad valorem tax levy for the current fiscal year, whichever is less. In this case, the use of the budget stabilization fund should not exceed three years. After that time has passed, the City will attempt to replenish this reserve over a five-year period.

12. Use of estimates

The preparation of financial statements in conformity with GAAP in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

13. Unearned revenue

Unearned revenue represents resources that have been received, but not yet earned.

14. Date of management review

Subsequent events were evaluated by management through March 16, 2018, which is the date the financial statements were available to be issued.

E. Budgetary information

Each year, annual operating budgets are established and legally adopted for each governmental fund, proprietary fund, and fiduciary fund. All budgets are prepared on a basis consistent with generally accepted accounting principles. Project-length budgets are adopted in the capital projects fund.

In all cases, the budget is amended at the fund level to increase appropriations to meet or exceed expenditures/expenses where necessary. Appropriations, which lapse at year end, are legally controlled at the fund appropriation level. Unused budget balances lapse at year end.

The appropriated budget is prepared by fund, function, and department. The Budget Manager/Director of Financial Services may make transfers of appropriations among programs within a department, office, or agency. Budget amendments require the approval of the Council.

Expenditures/expenses may not legally exceed appropriations at the individual fund level with the exception of the General Fund which may not exceed appropriations at the department level. Supplemental appropriations for operating expenditures, capital expenditures, and transfers of \$ 9,907,467 for the General Fund, \$ 858,758 for the special revenue funds, \$ 1,200 for the debt service funds, and \$ 13,336,423 for the capital projects funds were approved during the year and are included in the final budget.

The procedures for establishing the budgetary data reflected in the financial statements are as follows:

1. Prior to September 1, the Mayor submits to City Council a proposed annual budget, budget message, and capital program for the fiscal year commencing on October 1. The operating budget includes proposed expenditures/expenses and the means of financing them.
2. Public hearings are conducted to obtain taxpayer comments.
3. Prior to October 1, the budget is legally enacted through passage of a resolution.

II. Detailed Notes on all Funds

A. Deposits and investments

As of September 30, 2017, the fair value of the City's deposits and investments, exclusive of the fiduciary funds, was \$ 34,514,113 in the SBA Florida PRIME, \$ 402,193 held in deposits by a third party and fiscal agents, \$ 27,432,057 in United States Treasuries, \$ 76,737,571 in United States government sponsored agencies \$ 19,786,123 in corporate notes, \$ 4,849,254 in commercial paper, \$ 11,310,655 in collateralized mortgages and \$ 15,214,290 in money market funds. The investments in the Florida PRIME and money market funds have maturities of less than one year and are classified as cash and cash equivalents. Additionally, cash and cash equivalents are comprised of \$ 14,035 cash on hand and \$ 20,442,632 deposited with qualified public depositors. All deposits and investments, including restricted and unrestricted, totaled \$ 210,702,923.

Interest rate risk. In accordance with its investment policy, the City, exclusive of the Pension trust funds, manages its exposures to declines in fair values by attempting to match its investments with anticipated cash flow requirements. Unless matched to a specific cash flow, the City will not directly invest in securities maturing more than five years from the date of settlement and with the average weighted maturity of its overall portfolio being thirty-six months or less. The weighted average days to maturity for the SBA Florida PRIME at September 30, 2017 is 51 days. To limit exposure to interest rate risk, the City and its three Pension Plans: General Employees, Police Officers, and Volunteer Firefighters diversify investments by security type and institution. They also limit holdings in any one type of investment with any one issuer with various durations of maturity.

Information about the sensitivity of the fair values of the City and Pension Plans' investments to market interest rate fluctuations is provided by the following tables that show the distributions of the City and Pension funds as of September 30, 2017.

Credit risk. The City's investment policy limits investments to the safest types of securities, diversifies the investment portfolio so that potential losses on individual securities will be minimized, and requires doing business with only those financial institutions that are on the approved Florida Public Depository list. In addition, state law limits investments in bonds, stocks, or other evidences of indebtedness issued or guaranteed by a corporation organized under the laws of the United States, or the District of Columbia, unless the corporation is listed on any one or more of the recognized national stock exchanges or on the National Market System of the NASDAQ Stock Market and in the case of bonds only, holds a rating in one of the three highest classifications by a major rating service. The Florida PRIME is rated AAAM and the money market funds are rated AAAM and A+ by Standard and Poor's. City monies that are invested in U.S. Treasuries are considered to have no credit risk.

The following tables disclose Standard and Poor's credit ratings by investment type for each of the City and pension plan's fixed income securities.

City of Plantation

	Fair Value	Percentage of Fixed Income Portfolio

Total credit risk debt securities	<u>1,745,387</u>	<u>100.00%</u>
Total fixed income securities	<u>\$ 1,745,387</u>	<u>100.00%</u>

Concentration of credit risk. The City's investment policy requires diversification by security type and financial institution. The pension plan investment policies provide that for fixed income securities that no more than 5% (at market value) of an investment manager's total fixed income shall be invested in the securities of any single corporate issuer. The Florida PRIME fund investment pool's exposure to a single non-governmental issuer is limited to 5% and exposure to any single money market mutual fund will not exceed 10% of the Florida PRIME assets.

Custodial credit risk - deposits. In the case of deposits, this is the risk that in the event of a bank failure, the government's deposits may not be returned to it. All cash deposits are held in qualified public depositories pursuant to State of Florida Statutes Chapter 280, "Florida Security for Public Deposits Acts." This Act provides that all qualified public depositories are required to pledge eligible collateral having a market value greater than or equal to the average daily or monthly balance of all public deposits times the depository's collateral pledging level. The pledging level is dependent upon the depository's financial condition and establishment period. Collateral is required to be deposited with an approved financial institution. Losses not covered by the Federal Depositary Insurance Corporation (FDIC) insurance and proceeds from the sale of collateral pledged by the defaulting depository will be assessed against other qualified public depositories of the same type as the depository in default. Therefore, all deposits are deemed insured.

Custodial credit risk - investments. The custodial credit risk for investments is the risk that in the event of a counterparty failure, the City will be unable to recover the value of its investments or collateral securities that are in the possession of an outside party. Consistent with the City and the Plan's investment policies, the investments are held by the City's or the Plan's custodial bank and registered in the City's or the Plan's name. All of the City's or Plan's deposits are insured and/or collateralized by a financial institution separate from the City's or Plan's depository financial institution.

Fair Value Hierarchy. GASB Statement No. 72, *Fair Value Measurement and Application* establishes a hierarchical disclosure framework which prioritizes and ranks the level of market price observability used in measuring investment at fair value. Various inputs are used in determining the fair value of investments. These inputs are categorized into a fair value hierarchy consisting of three broad levels for financial statement purposes as follows:

- Level 1 - investments reflect unadjusted quoted prices in active markets for identical assets.
- Level 2 - investments reflect prices that are based on similar observable assets either directly or indirectly, which may include inputs in markets that are not considered to be active.
- Level 3 - investments reflect prices based upon unobservable sources.

The categorization of investments within the hierarchy is based upon the pricing transparency of the instrument and should not be perceived as the particular investment's risk.

City of Plantation, Florida
Notes to Financial Statements
September 30, 2017

Fair values of investments held by the City and Pension Plans' Funds are classified at September 30, 2017 as follows:

City of Plantation				
Investments	Totals at September 30, 2017	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
U.S. treasuries	\$ 27,432,057	\$ -	\$ 27,432,057	\$ -
U.S. government agencies	76,737,571	-	76,737,571	-
Corporate notes	19,786,123	-	19,786,123	-
Commercial paper	4,849,254	-	4,849,254	-
Collateralized mortgage	11,310,655	-	11,310,655	-

Total investments measured at fair value	\$ 21,040,046	\$ 18,444,226	\$ 2,595,820	\$ -

Investments classified as Level 2 in the fair value hierarchy are valued based on significant other observable inputs, which may include, but are not limited to, quoted prices for similar assets or liabilities in markets that are active, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the assets or liabilities (such as interest rates, yield curves, volatilities, prepayment speeds, loss severities, credit risks and default rates), or other market corroborated inputs.

Investments classified as Level 3 are direct lending funds which are measured based on specific pricing models, internal assumptions and the weighing of the best available pricing inputs. Corporate debt is generally measured at par and a credit and market discount applied based on current expectations about future amounts. Standard pricing inputs include but are not limited to the financial health of the issuer, place in the capital structure, value of other issuer debt; credit industry, and market risk and events; interest rates, spreads and yield curves; terms and conditions including a take-out premium; and comparable market transactions.

B. Receivables

Golf Course Fund	729,925
Stormwater Fund	<u>26,078</u>
Total depreciation expense - business-type activities	\$ <u>8,203,522</u>

D. Construction commitments

At September 30, 2017, the City had in process various uncompleted construction projects. The significant projects that are ongoing as of September 30, 2017 are as follows:

Project	Spent-to-date	Remaining Commitment
Plantation Community Center at Kennedy Center	\$ 1,987,954	\$ 219,495
Police Department Building Generator Replacement	71,578	8,482
Regional Wastewater Treatment Plant Upgrades	4,860,857	3,709,244
Breezeswept Park	132,131	5,369
East Water Treatment Plant Chemical Storage Facility	134,620	53,280
Drainage Improvement - Various Locations	<u>28,047</u>	<u>305,296</u>
Total	\$ <u>7,215,187</u>	\$ <u>4,301,166</u>

E. Leases

The City leases office equipment and other items. There are no material operating leases with noncancellable terms in excess of one year.

During the year, the City entered into additional capital lease agreements as a method of maintaining technological standards for computer equipment valued at \$ 394,276 with a useful life of forty-eight months and a public safety communication system valued at \$ 10,494,039 with a useful life of one hundred sixty-eight months. The City has entered into other capital leases in prior fiscal years with three expiring this fiscal year. Included in depreciation expense this fiscal year was \$ 359,404 for leases active during this fiscal year. All of these agreements meet the requirements as capital leases for accounting purposes and, therefore, have been recorded at the present value of future minimum lease payments as of the inception date.

The future minimum lease obligations and the net present value of these minimum lease payments as of September 30, 2017, were as follows:

<u>Year Ending September 30,</u>	<u>Governmental Activities</u>
2018	\$ 1,050,509
2019	1,021,049
2020	996,034
2021	885,000
2022	885,000
2023-2027	4,425,000
2028-2030	<u>2,655,000</u>
Total minimum lease payments	11,917,592
Less: amount representing interest	<u>(1,889,343)</u>
Present value of minimum lease payments	<u>\$ 10,028,249</u>

F. Interfund receivables, payables, and transfers

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as “due from other funds/advances to other funds” or “due to other funds/advances from other funds” on the governmental funds balance sheet and proprietary funds statement of net position. The composition of interfund balances as of September 30, 2017 is as follows:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
General	Nonmajor Governmental	\$ <u>6,238</u>

The outstanding balances between funds result mainly from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made. The composition of advances to/from other funds as of September 30, 2017 is as follows:

Advances to/from other funds*:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
General	Plantation Midtown Development District	\$ 1,534,620
General	Community Redevelopment Agency Escrow	<u>3,271,055</u>
	Total	<u>\$ 4,805,675</u>

* See Note III A; interlocal agreements

City of Plantation, Florida
Notes to Financial Statements
September 30, 2017

Transfers:

	Transfers in:					Total

Compensated absences	684,471	109,699	(86,231)	707,939	83,824
Total business-type activities	\$ 32,192,229	\$ 601,389	\$ (3,033,572)	\$ 29,760,046	\$ 2,733,711

For business-type activities, compensated absences and claims and judgments are generally liquidated by either the Water and Wastewater Services Fund or Stormwater Fund.

Governmental Activities

Bonds Payable

\$ 49,370,000 Ad Valorem Bonds, Series 2017 - In June 2017, the City closed on a bond voted on by residents and approved by City Council for the purpose of financing the construction of various capital improvements in the areas of public safety (police and fire), parks and recreation, and public works (including various stormwater drainage improvements). The bond will mature July 1, 2037 with principal payments beginning July 2018. The bond is secured by a lien on ad valorem taxes levied by the City. Interest is payable semiannually in January and July with the first year's rate of 3.00% and 5.00% in subsequent years, until maturity.

Notes Payable

\$ 16,420,350 Non-Ad Valorem Refunding Revenue Note, Series 2013 - In August 2013, the City closed on a note for the purpose of refunding the outstanding City of Plantation Non-Ad Valorem Revenue Bonds (Refunding and Public Improvement Projects), Series 2003 maturing in the years 2014 through 2024. The Note was also issued to provide monies for a 2013 Project which shall mean the construction, renovation, and improvements to the governmentally-owned building known as the Plantation Community Center or such other capital improvements authorized by law and approved by Note Counsel. The Note will mature on August 15, 2024 with principal payments beginning in August 2014. The Note is secured by a covenant to budget and appropriate from all legally available non-ad valorem revenues. Interest is payable semiannually in February and August at a fixed rate of 2.35%. The note is subject to a prepayment premium if prepaid prior to maturity.

\$ 1,300,000 Plantation Community Redevelopment Agency Tax Increment Revenue Note, Series 2005 - In August 2005, the City closed on a note for the purpose of providing financing for the Community Redevelopment Agency's portion of a grant payable to the developer of the Altman Property. The note will mature fifteen years from closing. The note balance is due in equal payments of principal and interest beginning in August 2006 and annually thereafter through August 2020. The note is secured by a covenant to budget and appropriate from all legally available non-ad valorem revenues. Interest is payable annually at 5.34%.

Special Assessment Revenue Note with Government Commitment

\$ 442,200 Acres IV Special Assessment Revenue Note - In September 2009, the City closed on a note pertaining to the Plantation Acres Roadway Improvement Project. Repayment of the note will be made primarily from special assessments levied against benefitted properties.

Interest on the note balance is payable semiannually in April and October, at a fixed rate of 3.98%. The note balance is due in equal payments of principal and interest beginning on April 1, 2010, and semiannually thereafter through October 1, 2024. The note payable is secured only by the City's covenant to budget and appropriate available non-ad valorem revenues sufficient to meet future debt service requirements. If necessary, the principal of and interest on the note and all other payments provided for in the loan agreement shall be payable from the non-ad valorem revenues. The note is not subject to a prepayment premium if prepaid prior to maturity.

City of Plantation, Florida
Notes to Financial Statements
September 30, 2017

Long-term debt of the governmental activities at September 30, 2017 is comprised of the following bond issues and notes:

\$ 49,370,000 Ad Valorem Bonds, Series 2017, including premium of \$ 10,627,666	\$ 59,864,821
\$ 16,420,350 Non-Ad Valorem Refunding Revenue Note, Series 2013	10,962,165
\$ 1,300,000 Plantation Community Redevelopment Agency Tax Increment Revenue Note, Series 2005	346,715
\$ 442,200 Acres IV Special Assessment Revenue Note	<u>209,868</u>
Total debt	71,383,569
Less: current maturities and liabilities due within one year	<u>(3,043,197)</u>
Total governmental activities long-term debt	<u>\$ 68,340,372</u>

As of September 30, 2017, the City has complied with all significant loan covenants and restrictions.

Business-type Activities

Notes Payable

\$ 7,226,613 Non-Ad Valorem Refunding Revenue Note, Series 2013 - In August 2013, the City closed on a note for the purpose of refunding the outstanding City of Plantation Non-Ad Valorem Revenue Bonds (Refunding and Public Improvement Projects), Series 2003 maturing in the years 2014 through 2024. The Note will mature on August 15, 2024 with principal payments beginning in August 2014. The Note is secured by a covenant to budget and appropriate from all legally available non-ad valorem revenues. Interest is payable semiannually in February and August at a fixed rate of 2.35%. The note is subject to a prepayment premium if prepaid prior to maturity.

\$ 30,099,570 Utility System Revenue Note, Series 2013 - In December 2013, the City issued \$ 30,099,570 of Utility System Revenue Note. The note was issued to provide funds for certain improvements, extensions and enlargements to the Utility System and to pay closing costs of the loan. The note bears interest at 2.88% and matures in August 2023. Interest is payable semiannually on each February 1 and August 1. Principal on the note is paid annually commencing on August 1, 2014. The note is not prepayable before December 1, 2018 and at a premium after December 1, 2018 and prior to December 1, 2020.

The City pledged as security for payment of the principal and interest on the note the net revenues (gross revenues less cost of operations and maintenance) derived from the operation of the City's water and sewer system. The note contains a rate covenant that requires net revenues to be at least 110% of the debt service requirements for that fiscal year. At September 30, 2017, the City is in compliance with the rate covenant.

Long-term debt of the Enterprise Funds at September 30, 2017 is comprised of the following:

\$ 30,099,570 Utility System Revenue Note, Series 2013	\$ 23,748,646
\$ 7,226,613 Non-Ad Valorem Refunding Revenue Note, Series 2013	4,824,460
Total Debt	<u>28,573,106</u>
Less: Current maturities and liabilities due within one year	<u>(2,513,582)</u>
Total business-type activities long-term debt	<u>\$ 26,059,524</u>

Annual debt service requirements of the revenue notes are as follows:

Year Ending September 30,	Business-Type Activities Revenue Notes	
	Principal	Interest
2018	\$ 2,513,582	\$ 797,336
2019	2,581,446	728,348
2020	2,651,155	657,485
2021	2,722,755	584,697
2022	2,796,301	509,931
2023-2025	<u>15,307,867</u>	<u>450,479</u>
Total	<u>\$ 28,573,106</u>	<u>\$ 3,728,276</u>

As of September 30, 2017, the City has complied with all significant loan covenants and restrictions.

H. Property taxes

The State of Florida permits the City to levy property taxes up to 10 mills of assessed property valuation for the General Fund except for special benefits and debt service obligations which may be issued with the approval of those taxpayers subject to ad valorem taxes. The operating millage rate levied by the City and budgeted for the 2016-2017 fiscal year was 5.9000 mills. On January 29, 2008, the Florida electorate approved an amendment to the Florida Constitution relative to property taxation. This amendment (referred to as Amendment 1) was placed on the ballot by the Florida Legislature at a special session held during 2007 and became effective October 1, 2008. Amendment 1 increased the current \$ 25,000 homestead exemption by an additional \$ 25,000 (for property values between \$ 50,000 and \$ 75,000), except for school district taxes. Since the new \$ 25,000 homestead exemption does not apply to school district taxes, this effectively amounts to a \$ 15,000 increase to the existing homestead exemption, resulting in an estimated annual savings of \$ 240 for the average homeowner.

Amendment 1 also provided “portability”, allowing property owners to transfer up to \$ 500,000 of the “Save Our Homes” benefits to their next homestead when they move. “Save Our Homes” became effective in 1995 and limits (caps) the annual increase in assessed value for homesteaded property to three percent (3%) or the percentage change in the Consumer Price Index, whichever is less. In addition, Amendment 1 also provided a \$ 25,000 exemption for tangible personal property and a ten percent (10%) cap on increases in the annual assessment of non-homesteaded properties. Current tax collections for the year ended September 30, 2017 were approximately 99.5% of the total tax levy, net of discounts allowed.

Property taxes based on assessed values at January 1 are levied on November 1 of each year. A four percent (4%) discount is allowed if the taxes are paid in November, with the discount declining by one percentage point each month thereafter. Taxes become delinquent on April 1 of each year and tax certificates for the full amount of any unpaid taxes and assessments are auctioned beginning June 1 of each year.

Property tax revenue is recorded when it becomes available. Available means due and collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. No accrual for the property tax levy becoming due in November 2017 is included in the financial statements since such taxes are collected to finance expenditures of the subsequent period.

The City Council establishes the tax levy of the City. The adoption of the final millage rate for fiscal year ending September 30, 2017 occurred September 14, 2016. Under Florida law, the assessment of all properties and the collection of all county, municipal, special district and school board property taxes are provided by Broward County’s Property Appraiser and Tax Collector, who are elected County officials.

The property tax calendar for revenues billed and received for the fiscal year ended September 30, 2017 is shown as follows:

Lien date	January 1, 2016
Levy date, tax bills mailed	November 1, 2016
Last date for 4% discount on taxes paid	November 30, 2016
Last date for 3% discount on taxes paid	December 31, 2016
Last date for 2% discount on taxes paid	January 31, 2017
Last date for 1% discount on taxes paid	February 28, 2017
Final due date of payment of taxes	March 31, 2017
First date for auctioning tax certificates on delinquent accounts	June 1, 2017

I. Tax Increment Revenues

Tax increment revenues are the primary source of revenue for the Community Redevelopment Agency (“CRA”). Tax increment revenue is collected from four entities that levy ad valorem property taxes within the legally defined redevelopment area of the Agency. The four entities are the North Broward Hospital District, the City of Plantation, Broward County and the Children’s Services Council. The tax increment revenue is calculated by applying the adopted mileage rate of each of these entities to the increase in current year taxable assessed valuations over the 2000 base year assessed valuations for all properties located within the Agency’s boundaries. Each entity is required to pay 95% of these incremental property taxes to the Agency. The tax base of the Agency is the layer of assessed valuations of properties over the 2000 base year assessed valuations, but does not include any portion of such base. The assessed value of properties subject to the incremental property taxes and each entity’s tax receipts for the year ended September 30, 2017 were as follows:

City of Plantation, Florida
Notes to Financial Statements
September 30, 2017

2016 (Current) Total Taxable Value		\$	239,983,090
2000 (Base Year) Total Taxable Value			<u>(127,670,650)</u>
2016 Increment		\$	<u>112,312,440</u>
City of Plantation	\$ 112,312,440 x 5.9000 mills x 95%	\$	629,511
North Broward Hospital District	112,312,440 x 1.3462 mills x 95%		143,635
Broward County	112,312,440 x 5.4474 mills x 95%		581,220
Children's Services Council	112,312,440 x 0.4882 mills x 95%		<u>52,089</u>
Total		\$	<u>1,406,455</u>

III. Other information

A. Commitments and contingencies

Risk Management

Subject to Florida State Statutes regarding civil actions to recover damages for money covered under Florida Sovereign Immunity Laws, the City has exposure to liability claims for injury, loss of property, personal injury, or death that may be caused by the negligent or wrongful acts or omissions of its employees.

Liabilities are recorded when a claim or loss has been reported. The City analyzes losses and finances, both uninsured and insured risks, in addition to financing certain employee benefits. All insurance premiums and claims, except property damage liability, are charged to the appropriate fund. The City participates in intergovernmental pooling or carries commercial insurance for certain risks of loss as detailed below.

Liability reserves include an amount for claims that have been incurred, but not reported (IBNR). Liability reserves are calculated based on claim settlement trends, including the frequency, severity, amount of claim payouts, and other economic factors. Claims are not discounted nor has the City entered into any significant contracts for extended payment of settlements. The estimate of the claims liability also includes amounts for incremental claim adjustment expenses related to specific claims and other claim adjustment expenses, regardless of whether allocated to specific claims. The City has no insurance coverage for land use and zoning issues.

The City's property and casualty insurance program is purchased through the Florida League of Cities, a Florida municipal insurance trust (FMIT) which is an intergovernmental pool that provides yearly premium credits based upon loss experience. Excess insurance coverage written through FMIT is \$ 100,000,000 for property and \$ 5,000,000 for casualty. Settled claims resulting from these risks have not exceeded commercial coverage in any of the past three fiscal years.

The City has a self-insured retention level of \$ 200,000 per occurrence for general, professional and automobile liability. Physical damage coverage on vehicles with a value greater than \$ 25,000 has a \$ 1,000 deductible.

Workers' compensation has a self-insured retention level of \$ 250,000 per claim with a \$ 5,000,000 excess policy with the Florida League of Cities. State required employee accidental death and disability (AD&D) coverage is maintained for police and fire personnel.

The City's property insurance carries excess coverage over the \$ 100,000 self-insured retention level with policy limits of \$ 100,000,000. There is a 5% windstorm deductible for real and personal property resulting from named catastrophic events. Flood insurance is maintained on contents and buildings up to \$ 500,000, as required by the National Flood Insurance Program, depending on the type of usage of the building. The City also maintains insurance policies for boiler and machinery, public employee dishonesty, pollution, and pension fiduciary liability.

The City has a self-funded medical plan for full-time active employees and retirees, two dental plans, one fully funded and one self-funded, a vision plan, and life insurance plan for all full-time employees and retirees. Full-time employees are offered a policy limit of \$ 50,000 and retirees are offered a policy limit of \$ 10,000 on life insurance. The City also offers a fully-funded long-term disability plan to full-time employees.

Liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported (IBNRs). The result of the process to estimate the claims liability is not an exact amount as it depends on many complex factors, such as inflation, changes in legal doctrines, and damage awards. Accordingly, claims are reevaluated periodically to consider the effects of inflation, recent claim settlement trends (including frequency and amount of payouts), and other economic and social factors. The estimate of the claims liability also includes amount for incremental claim adjustment expenses related to specific claims. Estimated recoveries from subrogation or other are another component of the claims liability estimate.

Changes in the balances of claims liabilities during the past year are summarized as follows:

	September 30, 2017		
	General Insurance Program	Health Insurance Program	Workers' Compensation Program
Estimated insurance claims payable October 1, 2016	\$ 2,326,600	\$ 1,649,376	\$ 2,081,671
Incurred claims and estimate changes	670,537	9,856,874	900,914
Claim payments, net of refunds and reimbursements received	<u>(938,137)</u>	<u>(9,971,533)</u>	<u>(570,446)</u>
Estimated insurance claims payable September 30, 2017	<u>\$ 2,059,000</u>	<u>\$ 1,534,717</u>	<u>\$ 2,412,139</u>
	September 30, 2016		
	General Insurance Program	Health Insurance Program	Workers' Compensation Program
Estimated insurance claims payable October 1, 2015	\$ 2,083,700	\$ 1,709,961	\$ 2,557,108
Incurred claims and estimate changes	986,794	10,964,854	65,159
Claim payments, net of refunds and reimbursements received	<u>(743,894)</u>	<u>(11,025,439)</u>	<u>(540,596)</u>
Estimated insurance claims payable September 30, 2016	<u>\$ 2,326,600</u>	<u>\$ 1,649,376</u>	<u>\$ 2,081,671</u>

Litigation

The City is presently a defendant in several lawsuits occurring in the normal course of operations. Management believes that any amounts not covered by insurance or accrued by the City, if any, resulting from these lawsuits would not materially affect the financial position of the City.

Interlocal Agreements with City of Plantation Community Redevelopment Agency (CRA)

The City of Plantation and the Plantation Community Redevelopment Agency (CRA) entered into three 2003, 2004 and 2014 Interlocal Agreements, pertaining to the repayment of fiscal advances from (1) the City's Non-Ad Valorem Revenue Bonds, Series 2002 Bond Construction Fund of \$ 4,500,000 and (2) the City's Non-Ad Valorem Revenue Bonds, Series 2003 Bond Construction Fund of \$ 2,000,000. These Interlocal Agreements between the City and the CRA are intended to formalize the obligations of the CRA to repay the aforesaid advances.

These City advances for financing redevelopment in the community redevelopment area are to be repaid by the CRA to the City. The City shall charge, and the CRA agrees to pay, simple interest on the outstanding principal for the period October 1, 2003 through August 15, 2029. The rates set forth on the 2002 Bond Debt Service range from 2.35% to 5.38% while the rates on the 2003 Bond Debt Service range from 1.00% to 4.13%.

The CRA, for the benefit of the City, irrevocably pledges and creates a first lien on, pledge of, and security interest in the monies received and to be received by the CRA from the taxing authorities paid tax increment, which is to be deposited into the CRA Special Revenue Fund.

Interlocal Agreement with City of Plantation Midtown Development District

The City of Plantation and the Plantation Midtown Development District ("PMDD") entered into an Interlocal Agreement, pertaining to the repayment of \$ 3,000,000 of proceeds from the sale of its Non-Ad Valorem Revenue Bonds (Refunding and Public Improvements Project) Series 2003, to pay for portions of a project, which have been or will be approved by the City, subject to the terms of the agreement, described as follows:

The Plantation Midtown Transit and Greenway Improvements include: 1) the design, reconstruction and/or enhancement of American Expressway, N.W. 82nd Avenue, Broward Mall Perimeter Road, S.W. 78th Avenue, and 84th Avenue; 2) the construction of multi-purpose greenways within the PMDD; 3) the purchase of transit vehicles; 4) the design and installation of wayfinding signage; and 5) the acquisition or improvement, or both, of public park and plaza areas accessory to the foregoing. Roadway improvements include roadway reconstruction, wider sidewalks, on-street parking, paver crosswalks, landscaping, drainage improvements, transit transfer stations, lighting, and street fixtures. Greenway improvements include similar enhancements, but also include a dedicated transit way and adjacent multi-use greenway.

This City advance, for financing these improvements in the PMDD, is to be repaid by the PMDD to the City. The City shall charge, and the PMDD agrees to pay, simple interest on the outstanding principal for the period of October 1, 2003 through August 15, 2024. The rates for the repayment of this Interlocal Agreement range from 1.00% to 5.00%.

B. Employee retirement systems and pension plans

Plan descriptions: The City of Plantation has three separate single-employer defined benefit retirement plans covering substantially all full-time employees and volunteer firefighters. A separate Board of Trustees administers each retirement system. These Plans are General Employees' Retirement Plan, Police Officers' Retirement Plan, and Volunteer Firefighters' Retirement Plan.

The individual Board of Trustees consists of the following:

<u>General Employees</u>	<u>Police Officers</u>	<u>Volunteer Firefighters</u>
2 persons appointed by the Mayor who are either elected officials or legal residents of the City	2 legal residents of the City appointed by the City Council	2 legal residents of the City appointed by the City Council
2 general employee members of the Plan who shall be elected by other general employees of the Plan	2 police officer members of the Plan who are elected by a majority of the police officers who are members of the Plan	2 firefighters who are elected by a majority of the firefighters who are members of the Plan
A resident of the City chosen by a majority of the previous 4 members of the Board of Trustees	A fifth person chosen by a majority of the previous 4 members of the Board of Trustees	A fifth person chosen by a majority of the previous 4 members of the Board of Trustees

The Plans use the accrual basis of accounting and separate funds have been established, although no separate audit report is prepared for either the General Employees' Retirement Plan or the Volunteer Firefighters' Retirement Plan. The Police Officers' Retirement Plan issues a publicly available audit that includes the applicable financial statements and required supplementary information which may be obtained by writing to the Plantation Police Pension Office at 451 NW 70th Terrace, Plantation, FL 33317. Florida Statutes (Chapter 112, Part VII), City of Plantation Code of Ordinances (Part II, Chapter 18), and the Internal Revenue Code provide regulation of the plans. In addition to normal retirement benefits, all three of the defined benefit plans provide for long-term disability and survivor benefits, as well as deferred pensions for former employees, dependent upon length of service or years of contributions and age upon death or disability.

General Employees' Retirement Plan

All full-time general employees with one year of continuous employment prior to September 1, 1973 and after September 1, 1973 all full-time general employees are eligible for membership in the Plan. Tier Two members are employees hired on or after October 1, 2010 as well as employees hired before that date who elected by April 1, 2011 to be covered by Tier Two benefits. Credited service is given for all years for which an employee contributed to the Plan. If contributions have been made for services back to July 1, 1967, all service prior to July 1, 1967 is credited. No credit is allowed for service in excess of 30 years. Annual required contributions for General Employees are 8.5% in Tier One and 4% in Tier Two.

A member may retire on the first day of the month coincident with or next following the earlier of age 55 and 10 years of credited service or age 59 and 10 years for Tier Two members. Pension benefits for normal retirement are based on final average compensation (FAC) which is the average compensation during the highest 3 years of the 10 years immediately preceding retirement; lump sum payments of unused leave not included. The average for Tier Two members is 5 years.

The members' yearly pension amount is equal to 2.75% of FAC times credited service for employees with less than 15 years of service and 3.00% of FAC times credited service for employees with at least 15 years of service with a limit of 82.5% of FAC. Also, retirees receive an annual payment of \$ 120 per year of service and a monthly supplement of \$ 300. Tier Two members' yearly pension amount is equal to 2.25% of FAC times credited service with a limit of 82.5% of FAC. Tier Two members also receive the annual payment of \$ 120 per year of service but not the monthly supplement of \$ 300.

A member may elect to retire earlier than the normal retirement eligibility upon attainment of age 50 with 15 years of credited service or 25 years of credited service at any age. The yearly pension amount is reduced by 2% for each year early. For Tier Two members, the reduction is 3% for each year early.

Members who continue in employment past normal retirement date may either accrue larger pensions or freeze their accrued benefit and enter the Deferred Retirement Option Plan ("DROP"). A member is eligible to enter the DROP when the normal retirement date is reached. Participation in the DROP is voluntary. Under the provision of the DROP, an employee discontinues their participation in the Plan and an amount equal to their monthly pension payment is escrowed with the proportionate share of earnings until actual retirement, at which time the individual may elect payment in the entirety or payment options. The value of the DROP balance at September 30, 2017 was \$ 8,471,181.

Police Officers' Retirement Plan

All full-time police officers of the City with one year of continuous employment prior to September 1, 1973, and after September 1, 1973 all full-time police officers of the City, are eligible for membership in the Plan. Tier One members are those members hired prior to January 1, 2010. Tier Two members are those members hired on or after January 1, 2010. Annual required contributions for Police Officers are 10% in Tier One and 8% in Tier Two.

Normal retirement date is the earliest date when unreduced retirement benefits may be paid. The normal retirement date is the earlier of the date when the member reaches 20 years of credited service regardless of age, or age 55 with 10 years of credited service.

Effective October 1, 2014, the normal retirement date for Tier Two members (including Tier One members with less than ten years of vesting service on October 1, 2014) shall be age 52 with 10 years of vesting service or 25 years of vesting service regardless of age, and termination of employment.

A member may elect to retire earlier than the normal retirement date upon attainment of age 50 with 10 years of credited service or age 45 with 15 years credited service. The retirement benefit is reduced for the number of months by which the starting date of the benefit precedes the member's otherwise normal retirement date.

Tier One members:

Normal retirement benefit is 3% of average monthly salary multiplied by years of credited service for members with less than 20 years of credited service at retirement. For members with 20 or more years of credited service at retirement, the normal retirement benefit is 3.50% of average monthly salary multiplied by the first 22.8571 years of credited service plus 2% of average monthly salary multiplied by each year of credited service in excess of 40 years.

The maximum normal retirement monthly benefit for members who retire on or after October 1, 2007 shall be eighty percent (80%) of average final compensation, except that any member who completed twenty (20) years of credited services as of October 1, 1997 shall be entitled to a maximum normal retirement monthly benefit of ninety percent (90%) of average final compensation.

Final average compensation for Tier One members shall be calculated using the highest three (3) years preceding retirement. Effective October 1, 2014, average final compensation for Tier One members with 20 years of service on October 1, 2014 is calculated using a three-year average.

An annual supplemental benefit is payable for life to Tier One or Tier Two retirees in the amount of \$ 120 multiplied by years of benefit service. Additionally, a monthly supplemental benefit of \$ 200 before age 55 and \$ 300 after age 55 is payable to Tier One retirees for the life of the retiree.

A cost of living adjustment ("COLA") is payable to Tier One members who separate from service on or after October 1, 2008, and for members in the DROP as of October 1, 2008. The benefit amount is equal to 1.5% and commences five years after retirement. The first increase for any member must be on or after October 1, 2013. Members may receive up to a total of 20 increases. The COLA is not applicable to supplemental benefits. Effective October 1, 2014, the COLA shall be frozen for all Tier One members. Tier One members will continue to have the 1.5% COLA commencing 7 years after separation from service for a period of 240 months, applied to benefits based on service accrued before October 1, 2014, but the COLA shall not be calculated for benefits based on service accrued on or after October 1, 2014.

Tier Two members:

Normal retirement benefit is 3% of average monthly salary multiplied by years of credited service. The maximum normal retirement monthly benefit shall be eighty percent (80%) of average monthly salary.

Final average compensation for Tier Two members shall be calculated using the highest five (5) years preceding retirement. Effective October 1, 2014, final average compensation for Tier Two members shall include base pay, up to fifty (50) hours of overtime, shift differential, and assignment pay.

Effective October 1, 2014, the maximum retirement benefit is seventy-five percent (75%) of average final compensation for all members (except Tier One employees with 20 years of vesting service on October 1, 2014); provided, if an employee has already accrued a benefit of more than seventy-five percent (75%) as of October 1, 2014, the employee shall retain the percentage earned as of that date but will not earn any additional benefit percentage.

Members who continue in employment past normal retirement date may either accrue larger pensions or freeze their accrued benefit and enter the Deferred Retirement Option Plan ("DROP"). A member is eligible to enter the DROP when the normal retirement date is reached. Participation in the DROP is voluntary. Under the provision of the DROP, an employee discontinues their participation in the Plan and an amount equal to their monthly pension payment is escrowed with the proportionate share of earnings until actual retirement, at which time the individual may elect payment in the entirety or payment options. The value of the DROP balance at September 30, 2017 was \$ 24,053,619.

Volunteer Firefighters' Retirement Plan

All Volunteer Firefighters of the City are eligible for membership in the Plan. Credited service is earned by meeting the required percentage of calls within a fiscal year by members of the Plantation Fire Department.

A member may retire on the first day of the month coincident with or next following the earlier of age 55 and 7 years of credited service or 20 years of service regardless of age. The members' pension amount is \$ 60 per month for each year of credited service.

A member may elect to retire earlier than the normal retirement date upon attainment of age 50 and 10 years of credited service. The normal retirement benefit is reduced by 3% for each year from age 55 to 50.

As of October 1, 2016, the plan membership of the defined benefit plans consisted of the following:

	General Employees	Police Officers	Volunteer Firefighters
Inactive employees or beneficiaries currently receiving benefits	401	163	79
Inactive employees entitled to but not yet receiving benefits	57	4	19
Active employees	548	115	204
	<u>1,006</u>	<u>282</u>	<u>302</u>

Summary of Significant Accounting Policies and Plan Asset Matters

Basis of Accounting: The three Pension Trust Funds are accounted for using the accrual basis of accounting. Employee and employer contributions are recognized as revenues in the period in which employee services are performed. Benefits and refunds are recognized when due and payable in accordance with the terms of the Plan.

Method Used to Value Investments: Investments are reported at fair value. Investment income is recognized when earned and gains and losses on sales or exchanges of investments recognized on a trade-date basis. Unrealized gains and losses due to appreciation and depreciation of Plan assets are also recognized at fiscal year end.

Funding Policy

Contribution requirements of the City and plan members for the City's three single-employer defined benefit pension plans are established and may be amended by City Ordinance. Plan member contributions are recognized in the period when contributions are due. The City contributes an actuarially determined amount to fully fund benefits for active members. Any unfunded actuarial liability is amortized as a level percent of projected member payroll over a period of years for the General Employees' and Police Officers' Plan as calculated by the plans' actuary. Benefits and refunds are recognized when due and payable according to the terms of each plan.

The City's funding policy provides for periodic employer contributions paid at least quarterly at actuarially determined rates that are designed to accumulate sufficient assets to pay benefits when due. During the fiscal year ended September 30, 2017, the City received payments from the State of Florida for the Police Officers' Pension Plan in the amount of \$ 810,863 and \$ 523,574 for the Volunteer Firefighters' Pension Plan. These contributions which consist of excise taxes collected by the State on property and casualty insurance premiums on policies written within the City are required under Chapter 185 and 175 of the Florida Statutes. These revenues and expenditures were appropriately recorded in the General Fund.

The annual required contributions for the current year were determined as part of the October 1, 2015 actuarial valuations and were as follows:

	General Employees'	Police Officers'	Volunteer Firefighters'
Contribution Rates: City and State	28.97% of annual covered payroll	\$ 7,188,333	\$ (2,315)
Plan Members			
Tier 1	8.50%	10.00%	N/A
Tier 2	4.00%	8.00%	N/A

Pension Trust Funds

The City maintains three pension trust funds to account for its fiduciary responsibility. The following condensed statements present the net position held in trust for pension benefits at September 30, 2017 and the changes in net position for the year then ended:

Condensed statement of net position

	General Employees'	Police Officers'	Volunteer Firefighters'
Assets:			
Cash and cash equivalents	\$ 4,775,918	\$ 2,659,058	\$ 595,787
Receivables, net	2,157,879	141,111	56,198
Prepaid expenses	-	12,707	3,998
Investments	158,221,774	148,992,295	21,040,046
Total assets	<u>165,155,571</u>	<u>151,805,171</u>	<u>21,696,029</u>
Liabilities	<u>2,716,771</u>	<u>161,133</u>	<u>46,204</u>
Net Position:			
Restricted for Pension Benefits	<u>\$ 162,438,800</u>	<u>\$ 151,644,038</u>	<u>\$ 21,649,825</u>

Condensed statement of changes in fiduciary net position

	General Employees'	Police Officers'	Volunteer Firefighters'

Change in net position	14,489,013	18,311,092	2,069,109
Net position - beginning of year	147,949,787	133,332,946	19,580,716
Net position - end of year	<u>\$ 162,438,800</u>	<u>\$ 151,644,038</u>	<u>\$ 21,649,825</u>

Investments

Investment Policy: The policy regarding the allocation of invested assets is established by its Board of Trustees. The investment policy may be amended by the Board by a majority vote of its trustees. It is the policy of the Board of Trustees to pursue an investment strategy that reduces risk through the prudent diversification of the portfolio across a broad selection of distinct asset classes. Overall asset allocation targets are reviewed on an annual basis. The following is the adopted asset allocation policy as of September 30, 2017:

Asset Class	General Employees' Target Allocation	Police Officers' Target Allocation	Volunteer Firefighters' Target Allocation
Domestic equity	35%	45%	35%
Fixed income	30%	20%	30%
International equity	15%	15%	15%
Real estate	5%	10%	5%
Convertibles	10%	-	10%
Master limited partnership	5%	-	5%
TIPS	-	5%	-
Global bond	-	5%	-

The Plans did not have any concentrations that warranted disclosure.

Rate of Return: For the year ended September 30, 2017, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was 11.40% for General Employees, 13.17% for Police Officers and 13.20% for Volunteer Firefighters, respectively. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Net Pension Liability (Asset) of the City

The components of the net pension liability (asset) of the City at September 30, 2017 were as follows:

	General Employees	Police Officers	Volunteer Firefighters	Total
Total pension liability	\$ 185,646,664	\$ 180,099,960	\$ 16,074,178	\$ 381,820,802
Plan fiduciary net position	147,949,787	133,332,946	19,580,719	300,863,452
Net Pension Liability (Asset)	<u>\$ 37,696,877</u>	<u>\$ 46,767,014</u>	<u>\$ (3,506,541)</u>	<u>\$ 80,957,350</u>
Plan fiduciary net position as a percentage of the total pension liability (asset)	79.69%	74.03%	121.81%	78.80%

Actuarial Assumptions: The total pension liability at September 30, 2016, the measurement date, was determined using an actuarial valuation as of October 1, 2015, with update procedures used to roll forward the total pension liability to September 30, 2016, using the following actuarial assumptions, applied to all periods included in the measurement:

	General Employees	Police Officers	Volunteer Firefighters
Inflation	2.50%	2.50%	3.00%
Salary increases	4.50%, average, including inflation	Service based table	N/A
Investment rate of return	7.5%, net of pension plan investment expense, including inflation	7.00%, net of pension plan investment expense, including inflation	7.08%, net of pension plan investment expense including inflation

Mortality rates for the General Employees', Police Officers' and Volunteer Firefighters' Plans were based on the RP-2000 Combined Healthy Participant Mortality Table for males and females, as appropriate, with adjustments for mortality improvements based on Scale AA after 2000.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation are summarized in the following table:

Asset Class	General Employees' Long-Term Expected Real Rate of Return	Police Officers' Long-Term Expected Real Rate of Return	Volunteer Firefighters' Long-Term Expected Real Rate of Return
Domestic equities	35%	7.5%	35%
International equities	15%	8.5%	15%
Fixed income	30%	-	30%
Real estate	2.5%	4.5%	5%
REITs	2.5%	-	-
Master limited partnerships	5%	-	5%
Convertibles	10%	-	10%
Domestic bonds	-	2.5%	-
International bonds	-	3.5%	-

Discount Rate: This discount rate used to measure the total pension liability was 7.50% for the General Employees, 7.00% for the Police Officers and 7.08% for the Volunteer Firefighters. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that City contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Changes in Net Pension Liability

General Employees' Pension Plan			
	Increase (Decrease)		
	Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Net Pension Liability (a)-(b)

Sensitivity of the Net Pension Liability (Asset) to Changes in the Discount Rate

The following presents the net pension liability (asset) of the City, calculated using the applicable discount rate, as well as what the City's net pension liability (asset) would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current rate.

General Employees' Pension Plan			
	1% Decrease (6.50%)	Current Discount Rate (7.50%)	1% Increase (8.50%)
City's net pension liability	\$ 57,755,554	\$ 37,696,877	\$ 20,759,350
Police Officers' Pension Plan			
	1% Decrease (6.00%)	Current Discount Rate (7.00%)	1% Increase (8.0%)
City's net pension liability	\$ 66,673,736	\$ 46,767,014	\$ 30,309,688
Volunteer Firefighters' Pension Plan			
	1% Decrease (6.08%)	Current Discount Rate (7.08%)	1% Increase (8.08%)
City's net pension liability (asset)	\$ (1,596,336)	\$ (3,506,541)	\$ (5,065,059)

Pension Expense and Deferred Outflows of Resources Related to Pensions

For the year ended September 30, 2017, the City recognized pension expense of \$ 6,930,294 for the General Employees, \$ 6,873,986 for the Police Officers, \$ 615,486 for the Volunteer Firefighters for a total pension of \$ 14,419,766. At September 30, 2017, the City reported deferred outflows of resources and deferred inflows of resources related to pension from the following sources:

General Employees' Pension Plan		
	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ 553,277
Assumption changes	1,848,193	-
Net difference between projected and actual earnings on pension plan investments	5,094,336	-
Pension contributions subsequent to the measurement date	6,600,703	-
Total	\$ 13,543,232	\$ 553,277
Police Officers' Pension Plan		
	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 2,304,018	\$ -
Assumption changes	355,985	-
Net difference between projected and actual earnings on pension plan investments	1,437,535	-
Pension contributions subsequent to measurement date	6,902,218	-
Total	\$ 10,999,756	\$ -
Volunteer Firefighters' Pension Plan		
	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ 394,979
Net difference between projected and actual earnings on pension plan investments	661,684	-
Pension contributions subsequent to measurement date	523,574	-
Total	\$ 1,185,258	\$ 394,979

\$ 14,026,495 reported as deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended September 30, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

Year Ended September 30:	General Employees' Pension Plan	Police Officers' Pension Plan	Volunteer Firefighters' Pension Plan
2018	\$ 2,093,552	\$ 2,193,694	\$ 74,776
2019	2,158,395	1,626,464	53,776
2020	2,587,395	1,419,963	188,326
2021	(450,090)	(1,142,583)	(50,173)
2022	-	-	-
Thereafter	-	-	-
Total	\$ <u>6,389,252</u>	\$ <u>4,097,538</u>	\$ <u>266,705</u>

C. Other post-employment benefits (OPEB)

In adopting the requirements of GASB Statement No. 45, *Accounting and Reporting by Employers for Post-Employment Benefits Other Than Pensions*, the City is required to account for and report the annual cost of other post-employment benefits in the same manner as they do for pensions. The City recognizes the cost of post-employment benefits in the year when the employee services are received, reports the accumulated liability from prior years, and provides information to determine the potential impact on the City's future cash flows. Recognition of the liability accumulated for prior years is phased in over 30 years, beginning with the 2009 liability.

Plan description and funding policy. The Employee Health Benefit Plan (the "Plan") is self-insured and administered by United Healthcare on behalf of the City. Employees who retire from the City and their dependents are eligible to continue to participate in the City's "single employer plan" if the employee meets certain vesting, disability, early or normal retirement provisions of the applicable retirement plan. The City provides a direct subsidy for health coverage for employees who retired before December 1, 2000. Discounts are extended to designated senior executives who retired before December 1, 2000, as well as to individuals meeting various specific requirements (service disability for law enforcement officers). Other retirees and their dependents are permitted to remain covered under the City's respective medical plan as long as they pay a premium applicable to coverage elected.

Currently, the City's OPEB benefits are unfunded. This plan is not accounted for in a trust fund. To date, the City has followed a pay as you go funding policy, therefore, only those amounts necessary to provide for the City's reporting of current year benefit costs and expenses have been contributed from the General Fund. State law prohibits the City from separately rating retirees and active employees for medical plan benefits. Therefore, the City assigns to both groups a blended rate and makes available to both groups the same plan options. Contribution rates are determined by the City. The Plan does not issue a stand-alone financial report and it is not included in the report of a public employee retirement system or a report of another entity.

Annual OPEB Cost and Estimated Net OPEB Obligation: The City's annual OPEB cost is calculated based on the annual required contribution (ARC) of the employer. This amount is actuarially determined in accordance with GASB Statement No. 45. The ARC represents funding that, if paid on a continuous basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities over a period not to exceed thirty years. The City's annual OPEB cost, the estimated amount contributed to the plan, and the changes in the City's estimated net OPEB obligation for the year ended September 30, 2017 were as follows:

Annual required contribution	\$	2,644,219
Interest on net OPEB obligation		441,758
Adjustment to annual required contribution		(501,997)
Annual OPEB cost		<u>2,583,980</u>
Estimated employer contributions		<u>(828,039)</u>
Increase in estimated net OPEB obligation		1,755,941
Estimated net OPEB obligation, beginning of year		11,043,944
Estimated net OPEB obligation, end of year	\$	<u><u>12,799,885</u></u>

The City's schedule of employer contributions is as follows:

Fiscal Year Ended	Annual OPEB Cost	Percentage of Estimated OPEB Cost Contributed	Estimated Net OPEB Obligation
2013	\$ 2,383,608	38.3%	\$ 5,973,268
2014	2,388,752	37.5%	7,466,218
2015	2,464,061	24.3%	9,330,462
2016	2,563,418	31.9%	11,043,944
2017	2,644,219	31.3%	12,799,885

Funded status and funding progress: For the actuarial valuation date of October 1, 2015, the actuarial accrued liability for benefits was \$ 31,315,195, and the actuarial value of assets was \$ 0, resulting in an unfunded actuarial accrued liability of \$ 31,315,195. The funded ratio, which is the actuarial value of assets divided by the actuarial accrued liability, is 0%. The covered payroll (annual payroll for active participating employees) was \$ 39,652,427 for that period, and the ratio of the unfunded actuarial accrued liability to the covered payroll was 79.0%. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multi-year trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions: Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Amounts determined regarding the funding status of benefits and the annual required contributions of the City are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. Projections of benefits for financial reporting purposes are based on the substantive plan and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefits between the City and participants. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the type of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The actuarial calculations of the OPEB plan reflect a long-term perspective. Consistent with this perspective, actuarial valuations will use actuarial methods and assumptions that include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets.

Following are the actuarial methods and significant actuarial assumptions used to determine the annual required contributions for the current year:

Measurement date:	October 1, 2015
Actuarial cost method:	Entry age
Amortization method:	Level percent, closed
Remaining amortization period:	22 years
Asset valuation method:	Unfunded
Investment rate of return:	4.0%
Projected salary increases:	4.4% - 24.0%
Payroll growth rate:	4.0%
Inflation rate:	2.5%
Healthcare cost trend rate:	7.0% reduced each subsequent year until reaching ultimate value of 4.68%.

D. Subsequent Event

Although the City closed on a \$ 60 million Ad Valorem Bond during the current fiscal year, several projects are just now getting underway. It is anticipated that these projects will be completed within a three-year period. Additionally, just prior to the close of the current fiscal year, Hurricane Irma made landfall affecting almost the entire State of Florida. Only a portion of the expenses related to this event occurred in the current fiscal year. As of the issuance of this CAFR, the amount of reimbursement from FEMA and the State of Florida for storm related expenses is unknown, primarily due to the fact that the work papers submitted have not yet been approved.

Notes to Schedule

Valuation date: October 1, 2015

Actuarially determined contribution rates are calculated as of October 1 which is two years prior to the end of the fiscal year in which contributions are reported.

Methods and assumptions used to determine contribution rates:

Actuarial cost method	Entry age normal
Amortization method	Level percentage of payroll, closed
Remaining amortization period	Twenty years
Asset valuation method	Five year smooth market
Inflation	2.50%
Salary increases	4.50%
Investment rate of return	7.50%
Retirement age	Experience-based table of rates based on number of years after first eligibility for normal retirement
Mortality	RP-2000 Combined Healthy Participant Mortality Tables for males and females. The provision for future mortality improvements is being made by using Scale AA after 2000.

Notes to Schedule

Valuation date: October 1, 2015

Actuarially determined contribution rates are calculated as of October 1 which is two years prior to the end of the fiscal year in which contributions are reported

Methods and assumptions used to determine contribution rates:

Actuarial cost method	Entry age normal
Amortization method	Level percentage of payroll, closed
Remaining amortization period	Thirty years
Asset valuation method	Five year smooth market
Inflation	2.50%
Salary increases	Service based tables
Investment rate of return	6.95%
Retirement age	Experience-based table of rates that are specific to the type of eligibility condition
Mortality	RP-2000 Combined Healthy Participant Mortality Tables (for pre-retirement mortality) and RP-2000 Mortality Table for Annuitants (for post-retirement mortality), with mortality improvements projected to all future years after 2000 using Scale BB.

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Special Revenue Funds are used to account for resources legally restricted for the financing of particular activities or projects.

Neighborhood Stabilization 1 Program Fund

To account for the receipt and disbursement from Community Development Block Grant Program funding through the Department of Housing and Urban Development's (HUD) Neighborhood Stabilization Program (NSP) authorized under the Housing and Economic Recovery Act of 2008.

Neighborhood Stabilization 3 Program Fund

To account for the receipt and disbursement from Community Development Block Grant Program funding through the Department of Housing and Urban Development's (HUD) Neighborhood Stabilization Program (NSP) authorized under the Wall Street Reform and Consumer Protection Act of 2010, American Recovery and Reinvestment Act of 2009, and the Housing and Economic Recovery Act of 2008.

Plantation Gateway Development District Fund

To account for the receipt and disbursement of additional tax monies from the City's Gateway Development District.

Road and Traffic Control Fund

To account for the receipt and disbursement of the City's portion of the state revenue sharing of the gasoline tax and local option gas tax.

State Housing Initiative Partnership (SHIP) Fund

To account for funds provided from the State Housing Initiative Partnership (SHIP) Act, for the production, acquisition and rehabilitation of affordable housing for low and moderate income households.

Police Forfeitures Fund

To account for revenues generated by Police Department confiscations and investigative reimbursements.

Community Development Block Grant Fund

To account for the implementation and funding of Community Development Block Grant projects.

Library Board Fund

To account for donations to and disbursements for the library.

Impact Fees Fund

To account for public safety, parks, library and other general projects. Revenues are derived from impact fees collected during the building permit process.

NONMAJOR GOVERNMENTAL FUNDS
(continued)

DEBT SERVICE FUNDS

Debt Service Funds are used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

2013 Non-Ad Valorem Refunding Revenue Note

To accumulate monies for the repayment of the Non-Ad Valorem Refunding Revenue Note, Series 2013. The 2013 Note is payable solely from non-ad valorem revenues.

Acres IV Note

To accumulate monies for the repayment of a 2009 Note used for the Plantation Acres Roadway Improvement Project.

NONMAJOR GOVERNMENTAL FUNDS
(continued)

CAPITAL PROJECTS FUNDS

Capital Projects Funds are used to account for resources to be used for acquisition or construction of major capital projects.

Designated Capital Improvements and Reserve

To account for all capital projects not specific to another capital projects fund.

2013 Non-Ad Valorem Refunding Revenue Note Construction Fund

To account for the use of the 2013 note proceeds toward the construction, renovation, and improvements to the governmentally-owned building known as the Kennedy Community Center or such other capital improvements authorized by law and approved by Note Counsel.

Plantation Gateway Development District Construction Fund

To fund capital improvements in the Plantation Gateway Development District, a dependent taxing district.

Plantation Midtown Development District Construction Fund

To account for the costs of developing the Plantation Midtown Development District, a dependent taxing district.

FIDUCIARY FUNDS

PENSION TRUST FUNDS

Pension trust funds are used to report resources that are required to be held in trust for the members and beneficiaries of defined benefit pension plans, defined contribution plans, other post-employment benefits plans, or other employee benefit plans.

General Employees', Police Officers' and Volunteer Firefighters' Pension Trust Funds

Account for the accumulation of resources to be used for retirement benefit payments to City employees.

STATISTICAL SECTION (UNAUDITED)

This part of the City's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

Contents	<u>Page</u>
Financial Trends	
<i>These tables contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.</i>	121
Revenue Capacity	
<i>These tables contain information to help the reader assess the City's most significant local revenue source, the property tax.</i>	127
Debt Capacity	
<i>These tables present information to help the reader assess the affordability of the City's current level of outstanding debt and the City's ability to issue additional debt in the future.</i>	132
Demographic and Economic Information	
<i>These tables offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place and to help make comparisons over time and with other governments.</i>	136
Operating Information	
<i>These tables contain service and infrastructure data to help the reader understand how the information in the government's financial report relates to the services the government provides and the activities it performs.</i>	138

Direct and Overlapping Governmental Activities Debt
As of September 30, 2017

<u>Governmental Unit</u>	<u>Debt Outstanding</u>	<u>Estimated Percentage Applicable</u>	<u>Estimated Share of Overlapping Debt</u>
Debt repaid with property taxes			
Broward County School Board	\$ 1,578,952,000	5.01%	\$ 79,155,259
Broward County	247,369,000	5.01%	<u>12,400,983</u>
Subtotal - overlapping debt			91,556,242
City direct debt			<u>70,916,997</u>
Total direct and overlapping debt			\$ <u><u>162,473,239</u></u>

Sources: Assessed value data used to estimate applicable percentages provided by Broward County. Debt outstanding data provided by each governmental unit.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the City. This process recognizes that, when considering the City's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each government.

For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using gross taxable property values after Value Adjustment Board changes by the County's gross taxable values after Value Adjustment Board changes.

COMPLIANCE SECTION

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Honorable Mayor and Members of the City Council
City of Plantation, Florida
Plantation, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Plantation, Florida (the "City") as of and for the year ended September 30, 2017, and the related notes to the financial statements which collectively comprise the City's basic financial statements and have issued our report thereon dated March 16, 2018. Our report includes a reference to other auditors who audited the financial statements of the City of Plantation Police Officers' Pension Fund, as described in our report on the City's financial statements. The financial statements of the Police Officers' Pension Plan were not audited in accordance with *Government Auditing Standards*.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE
FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Honorable Mayor and Members of the City Council
City of Plantation, Florida
Plantation, Florida

Report on Compliance for Each Major Federal Program

We have audited the City of Plantation, Florida, (the "City") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the City's major federal programs for the year ended September 30, 2017. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the City's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the City's compliance.

Opinion on Each Major Federal Program

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2017.

Report on Internal Control Over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT TO CITY MANAGEMENT

To the Honorable Mayor and Members of the City Council
City of Plantation, Florida
Plantation, Florida

Report on the Financial Statements

We have audited the financial statements of the City of Plantation, Florida (the "City"), as of and for the fiscal year ended September 30, 2017, and have issued a report thereon dated March 16, 2018.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards* (Uniform Guidance) and Chapter 10.550, *Rules of the Florida Auditor General*.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*; Independent Auditor's Report on Compliance for Each Major Federal Program and on Internal Control Over Compliance Required by the Uniform Guidance; Schedule of Findings and Questioned Costs; and Independent Auditor's Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, *Rules of the Auditor General*. Disclosures in those reports and schedule which are dated March 16, 2018, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings and recommendations made in the preceding annual financial report.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The City of Plantation, Florida was established as authorized in Chapter 29446 of Special Acts of Florida, as amended. Plantation Gateway Development District was created by Ordinance 1537. Plantation Midtown Development District was created by Ordinance 1569. Plantation Community Redevelopment Agency was created by Ordinance 2210.

Financial Condition

Section 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the City has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific conditions met. In connection with our audit, we determined that the City did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.c. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for the City. It is management's responsibility to monitor the City's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Annual Financial Report

Section 10.554(1)(i)5.b. and 10.556(7), Rules of the Auditor General, requires that we apply appropriate procedures and communicate the results of our determination as to whether the annual financial report for the City, for the fiscal year ended September 30, 2017, filed with the Florida Department of Financial Services pursuant to Section 218.32(1)(a), Florida Statutes, is in agreement with the annual financial audit report for the fiscal year ended September 30, 2017. In connection with our audit, we determined that these two reports were in agreement.

Special District Component Units

Section 10.554(1)(i)5.d, Rules of the Auditor General, requires, if appropriate, that we communicate the failure of a special district that is a component unit of a county, municipality, or special district to provide the financial information necessary for proper reporting of the component unit, within the audited financial statements of the county, municipality, or special district in accordance with Section 218.39(3)(b), Florida Statutes. In connection with our audit, we did not note any special district component units that failed to provide the necessary information for proper reporting in accordance with Section 218.39(3)(b), Florida Statutes.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires that we address noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

City of Plantation, Florida

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Members of the City Council and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH
SECTION 218.415 FLORIDA STATUTES

To the Honorable Mayor and Members of the City Council
City of Plantation, Florida
Plantation, Florida

We have examined the City of Plantation, Florida's (the "City") compliance with the requirements of Section 218.415, Florida Statutes, *Local Government Investment Policies*, during the year ended September 30, 2017. Management is responsible for the City's compliance with those requirements. Our responsibility is to express an opinion on the City's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the City's compliance with specified requirements.

In our opinion, the City complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2017.

This report is intended solely for the information and use of Members of the City Council, management, and the State of Florida Auditor General and is not intended to be and should not be used by anyone other than these specified parties.

Total Expenditures of Federal Awards			\$ <u>910,118</u>	\$ <u>-</u>

* Denotes a major program

See notes to the schedule of expenditures of federal awards.

Note 1 - Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards includes the Federal grant activity of the City for the year ended September 30, 2017. The information in the Schedule of Expenditures of Federal Awards is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards*, (Uniform Guidance). Because the Schedule presents only a selected portion of the operations, it is not intended to and does not present the financial position, change in net assets, or cash flows of the City.

Note 2 - Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance and/or OMB Circular A-87, *Cost Principles for State Local and Indian Tribe Governments*, wherein certain types of expenditures are not allowable or are limited as to reimbursements.

Note 3 - Indirect Cost Rate

The City did not elect to use the 10% de minimis indirect cost rate.

Note 4 - Contingency

The grant and contract revenue amounts received are subject to audit and adjustment. If any expenditures or expenses are disallowed by the grantor agencies as a result of such an audit, any claim for reimbursement to the grantor/contract agencies would become a liability of the City. In the opinion of management, all grant and contract expenditures are in compliance with the terms of the agreements and applicable Federal and state laws and other applicable regulations.

City of Plantation, Florida
Schedule of Findings and Questioned Costs
For the Year Ended September 30, 2017

A. Summary of Auditor's Results

1. The auditor's report expresses an unmodified opinion on the basic financial statements.
2. No material weaknesses relating to the audit of the financial statements are reported in the Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*.
3. No instances of noncompliance material to the financial statements of the City of Plantation, Florida were disclosed during the audit.
4. No material weaknesses relating to the audit of the major Federal programs are reported in the Independent Auditor's Report on Compliance for Each Major Program and on Internal Control over Compliance Required by the Uniform Guidance.
5. The auditor's report on compliance for the major Federal program for the City of Plantation, Florida expresses an unmodified opinion.
6. There are no audit findings relative to the major Federal program for the City of Plantation, Florida reported in Part C of this schedule.
7. The programs tested as major programs are as follows:

<u>Federal Award Program</u>	<u>CDFA Number</u>
Department of Housing and Urban Development - Community Development Block Grants/ Entitlement Grants	14.218

8. The threshold for distinguishing Type A and Type B programs was \$ 750,000.
9. The City of Plantation, Florida was determined to be a low-risk auditee.

B. Findings - Financial Statement Audit

No matters were reported.

C. Findings and Questioned Costs - Major Federal Award Programs

No matters were reported.

D. Other Issues

1. A separate management letter was not issued.
2. A summary schedule of prior audit findings is not required because there were no prior audit findings related to Federal programs.
3. No corrective action plan is required because there were no findings reported under the Uniform Guidance.
