APPROVAL OF MINUTES – July 10, 2019 minutes

ACTION: Minutes were approved.

* * * * *

FINANCIAL REPORT

a. As of July 31, 2019

Ms. DiLaura presented an overview of the financial report ending in July. Total Assets were \$5.7 million, Liabilities and Fund Equity were \$1.3 million, and the Total Fund Equity was \$4.4 million. The Construction Fund was \$2.55 million and the anticipated tax revenue was approximately \$1.36 million; as of July 31, 2019, approximately 96% has been collected.

Mr. Holmes advised that the First Reading of the Budget was held and the millage rate remained the same.

DEVELOPMENT ACTIVITY

a. Development Activity Report

Ms. DiLaura provided updates on Midtown projects and noted that a list was included of recent and proposed development projects throughout the City.

In response to Ms. Simmons' question about the explosion site, Mayor Stoner advised that the State Fire Marshall's final report has not been received; they are still going through material. There was a gas leak, but no fault has been found.

Mayor Stoner indicated that Kaluz is in for permitting and Plantation Walk Phase 2 is not yet in permitting. The old Motorola cannot keep up with the demand for their space and land and are exploring doing more outparcels. One tenant is asking for a helipad, which will be shared with Magic Leap. If that happens, the City will negotiate to use the helipad for emergency services. Whiskey Cake and Lazy Dog are coming to the Seritage property.

Ms. DiLaura reported that the City is working with Consolidated Credit to do business certification readiness training for small business owners and people who want to go into small businesses. Six workshops will be held at Deicke Auditorium on Wednesday nights, October 16 to November 20, 2019, with different topics. The workshops are free and funded by Co-America Bank; information is posted on the City website, Twitter and Facebook.

Ms. Simmons announced the ribbon cutting for the new tower at Westside Regional between 5:00 p.m. and 7:00 p.m. in the new lobby this evening.

- Midtown Spine Road Update

Mayor Stoner explained and discussed the 2020 adaptive lighting and fiberoptic projects, FDOT's planned ramp at University Drive, and a dedicated lane on Pine Island Road going westbound. The bridge going from the middle of Midtown westbound was approved and FDOT is providing construction costs. Specific funds for the engineering design of the bridge will be requested. The City committed, on behalf of the Midtown budget, to pay for the design, so the project would be shovel ready in February 2021. Mayor Stoner advised that there would be three shuttles; east, west, and Midtown dedicated to come online in January. Shuttles are being funded by the County through the Surtax Program. A three-year study is being conducted and the Pine Island/University corridor will be isolated and provided first instead of having to wait for completion. Discussion ensued regarding connectivity and the use of grants from the MPO, some of which are bond funds, for lighting, pavers along crosswalks, benches, trash receptacles, and shade structures. Lighting will be spaced so there are two rods on the poles for banners to identify Midtown. The Amli traffic light was mentioned and it was noted that Temple Kol Ami has indicated that they would contribute towards a light; however, based on conversations, there might not be an upgrade to adaptive lighting.

Councilmember Sortal questioned how the spine road would affect businesses.

Mayor Stoner indicated that shuttle stops are incorporated so people can easily walk to shops in close proximity. The shuttles will also circle all the big components so riders can exit at those locations.

Motion by Ms. Simmons, seconded by Mr. Inklebarger, to approve funding for the bridge design and spine road study not to exceed \$700,000 and quarterly updates were requested. Motion carried on the following roll call vote:

Ayes: Auerbach, Inklebarger, Cabrera, Simmons, Lethbridge

Nays: None

Mayor Stoner believed more appreciation value for properties in Midtown would be seen next year; there is currently \$1.4 billion in construction and there are parcels that people have not come in for yet.

Chair Lethbridge mentioned the Code rewrite and questioned if there was anything for Midtown as far as entertainment and allowing more.

Mr. Holmes indicated that he recently attended a meeting to discuss entertaining within the District and perhaps creating an Entertainment Overlay District that would relax some of the standards; the shuttle was also discussed. Research is currently being conducted.

*Construction of the new retail building is concurrent with demolition of a large scale office building on the same site resulting in an overall decrease in value.

**No indication at this time if the project will move forward. Existing building still occupied and open for business.
