The City of Plantation will provide reasonable accommodations for disabled individuals requesting special assistance in order to attend or participate in this meeting; provided however, that a request for such assistance must be made to the Office of the City Clerk (954) 797-2237 at least five (5) calendar days prior to the meeting unless the meeting is held by the City Council, in which case the request for special assistance must be made within three (3) calendar days of the scheduled meeting.

Notice is hereby given to all interested parties that if any person should decide to appeal any decision made at the forthcoming meeting for which this agenda constitutes notice, such person will need a record of proceedings conducted at such meeting, and for such purpose, they may need to ensure that a verbatim record of the proceedings is made, which record includes testimony and evidence upon which the appeal is to be based.

PSA

Minutes of the Regular Meeting of the
Plantation Midtown Development District Advisory Board
City of Plantation, Florida
Held July 11, 2018

Members Present:

John Auerbach
Owen Duke
Barry Lethbridge
Barbara Simmons
James Inklebarger, Chair

Also Present:

Peter Dokuchitz, Principal Planner
Danny A. Holmes, AICP, Director
Denise Horland, Candidate

APPROVAL OF MINUTES – May 9, 2018*

ACTION: Minutes were approved as printed.

* * * * *

FINANCIAL REPORT

a. Fund Ending May 2018*

Mr. Dokuchitz presented an overview of the financial report. There is a total fund equity in the Developmental District of \$3.2 million. Total service costs for maintenance, water, electricity, etc. for the month was \$15,000 and the general equity under the Construction Fund was \$2.5 million.

In response to Chair Inklebarger, Mr. Holmes indicated that there is still a budget meeting for July 26, 2018.

* * * * *

DEVELOPMENT ACTIVITY

a. Development Activity Reports*

Mr. Dokuchitz provided the Midtown Development Activity Update as follows:

- Plantation Midtown Square – LUPA is in the process and is going back to the County Commission for adoption on August 14, 2018. Soon after, the LUPA will be scheduled for City Council.
- Temple Kol Ami/Stiles – The applicant is scheduled to go before the Planning and Zoning Board on August 7, 2018.

- Sears Redevelopment – Went to the Planning and Zoning Board on June 5, 2018 and is scheduled to go to City Council on July 25, 2018.
- Aldi/SunTrust – The bank is being demolished. The property will be a combination 3,000-square-foot bank and the rest will be an Aldi's grocery store.

In response to Mr. Duke, Chair Inklebarger advised that Sears is closing at the end of the month. The upstairs is going to be a Game Time adult-themed bowling alley and arcade and there will be a Powerhouse Gym and 30,000 square feet of office space on the same floor. There will be fine dining and specialty retail on the ground floor.

In response to Ms. Simmons, Chair Inklebarger stated it might take three years to build SunTrust. He noted that SunTrust took the Schwab space as is and will be there for three years.

Ms. Simmons questioned the status of the AmTrust corner; it was understood that was being sold at auction.

Chair Inklebarger indicated that there are three buildings be sold for AmTrust; it is under auction.

Mr. Holmes mentioned that Plantation Walk is still trying to get their tenant mix together. There is an approval on tonight's City Council agenda for a sports center or a gym. It was noted that there are several gyms in the area.

Chair Inklebarger stated that the Powerhouse Gym going in at Seritage is currently located in the Galleria.

Mr. Holmes advised that there is still general construction going on at Westside Regional.

Mr. Duke heard that a site in Plantation Walk for elderly housing sold for \$13 million.

Mr. Holmes commented that he has not heard anything about that.

Mr. Holmes advised that activities at the Amli project have slowed significantly in terms of the pace of development. The Building Official indicated that there is still activity; however, the crew is very thin and they are very far behind. Gayle Easterling, Planner, received a call on Monday by a company called Y Hotel. They are a chain and like a temporary hotel until the building is fully leased.

Mr. Auerbach indicated that their local representative contacted him last week about an issue he had with the Crossroads Office Park. It seemed like he was saying they would be ready mid next year.

Mr. Lethbridge commented that the traffic light would never go up.

Chair Inklebarger stated that supposedly Amli could not get a CO on the buildings unless they do the intersection; he is going to meet with Mr. Laystrom.

Mr. Holmes advised that he has been receiving emails over the past week from residents who live in the general vicinity that are in opposition to further residential development. Everyone is concerned about the traffic.

Chair Inklebarger mentioned that Mill Creek started their project.

Mr. Auerbach stated that someone came in with a 200,000-square-foot office building and no one was worried about the traffic. As a Board and as a group, we need to have a better message. The Whole Food shopping center closed for a couple years and there was no difference in the intersections. If residents have issues with residential because of traffic they should have issues with everything because everything else is worse.

Mr. Holmes commented that the 311 project, the old DCF office use, was recently approved and the concern was about traffic. If we are going to continue looking at the Midtown plan and sell the Midtown vision, we need to get out to some of the Homeowner's Associations and discuss that concept.

Mr. Auerbach thought that was a great idea. He did not mind having a debate as to whether something belongs in the City or in Midtown, but whatever that use is it is not going to make a difference with traffic.

Mr. Holmes indicated that is something to think about approaching; it is an important issue. What is counterintuitive is that the traffic issue is going to have to be dealt with by getting to some level of transit use or better interconnectivity within. It takes density to move to that next stage.

Mr. Auerbach stated that with the amount of people running for Council, there are many of people reaching out to talk to different people. One of the first things he asks is what their feeling is on Midtown and if they have read the Midtown Plan from Keith and Schnars or the one presented, which was a synopsis and portions of the plan. The question is what the next group of leaders think this Board is doing right or wrong.

Ms. Horland advised that she loves Midtown and noted that one of the things she is running on is communication. In looking at Facebook posts, people are talking about traffic. She questioned if it is possible for a member of this Board to attend a City Council meeting and get the information out there about traffic. It is another way for residents to hear from you because there is a lot of misinformation about traffic. She likes the vision for Midtown.

Mr. Auerbach questioned if the Keith and Schnars report was linked to the website. It did not appear to be linked to the website and he likes to refer people with questions to the report.

Mr. Holmes indicated that a vote was already taken to support the goals and objectives. He advised that he would note the question about the website.

Mr. Dokuchitz indicated that the Midtown Development Proposed Development was tweaked so there is the Broward County Assessed Property Value, Estimated Development Value, and a new Estimated Assessed Value.

In response to Mr. Lethbridge, Mr. Holmes believed they were in permitting for the M2 building.

Mr. Duke mentioned Kaluz.

Mr. Lethbridge commented that the Pollo Tropical already sold on a net lease.

In response to Mr. Duke, Mr. Holmes was not sure why Baptist Health was taking so long to get started. He stated that he would follow up to see where they are with everything.

* * * * *

OLD BUSINESS

a. Midtown Plan Status Report - Broward MPO Mobility Hub Update

Mr. Holmes indicated that staff is currently working with the Broward MPO and looking at some studies. He did not have a timeframe with regard to when the report would be available.

Mr. Dokuchitz indicated that staff met with the consultants, HNTB, on May 10, 2018.

Mr. Holmes advised that another consultant is going to look at the marketing analysis.

Mr. Dokuchitz commented that an email was received from the Broward MPO; they are trying to coordinate with Brett Butler, City Engineer, and FDOT, to deal with some other issues such as regional transportation aside from the Midtown Mobility Hub. It was noted that eventually the HNTB would come to this meeting for discussion and to get feedback from the Board.

* * * * *

NEW BUSINESS - None.

* * * * *

COMMENTS:

The next meeting will be held on Wednesday, September 12, 2018.

* * * * *

Meeting adjourned at 12:37 p.m.
