APPROVAL OF MINUTES – July 11, 2018*

Chair Inklebarger made the following corrections, changes, and additions:

- Page 415, third paragraph, should read, “***SunTrust has a three-year lease and they should be in for permit in November. It is anticipated that it will take four or five months to do the buildout.***”
- Page 415, fifth paragraph, should read, “Chairman Inklebarger indicated there are three buildings to be sold ***including*** AmTrust.
- Page 415, seventh paragraph, clarified that the Powerhouse Gym is not moving the Galleria location to the Sears site, it is in addition to that site. They are going to take the second and first floor for their operations.
- It was questioned if the Y Hotel is in the Amli space. Mr. Holmes indicated that the Y Hotel concept is moving into multi-family apartment buildings that are generally rented and they offer spaces as hotel spaces. A meeting is being scheduled to meet with the Y Hotel. Mr. Holmes clarified that the Y Hotel does specifically deal with the Amli project.

Mr. Lethbridge made the following change:

- Page 415, 13th paragraph, should read, “Mr. Lethbridge commented that the traffic light ***was taking a long time***”.

ACTION: Minutes were approved as amended.

FINANCIAL REPORT

a. Fund Ending July 2018*

Mr. Dokuchitz presented an overview of the financial report ending in July. The total fund equity for the District Fund is \$3.2 million. There were typical monthly expenses; postage, electricity, water, and maintenance. Allocated operating costs were \$14,000 and the total equity for the Construction Fund was \$2.5 million. The rest of the expenses were operating transfers and bank fees.

Mr. Holmes indicated that they are in the process of approving the FY2019 budget. Last week was the first hearing by the Council and tonight is the second hearing and there were no issues with regard to the Midtown budget. Previously, a preference was expressed to have the mills at .9707 and it looks like that will be approved by Council; changes are not expected.

DEVELOPMENT ACTIVITY

a. Development Activity Reports*

Mr. Dokuchitz provided the Midtown Development Activity Update for September as follows:

Plantation Midtown Square: Was anticipated to go to Council October 10, 2018, but they did not submit in time.

In response to Mr. Auerbach, Mr. Holmes advised that staff is supporting the Plantation Midtown Square project.

Temple Kol Ami: On hold.

In response to Mr. Auerbach, Mr. Holmes indicated that staff is not supporting this project; there are issues regarding the location.

Aldi/SunTrust: Should be going to Council next month.

In response to Chair Inklebarger, Mr. Holmes indicated that all of the projects are supported by staff except the Temple Kol Ami.

Mr. Lethbridge mentioned Plantation Walk and questioned permitting.

Mr. Holmes stated they are making progress and believed that they have submitted for the M1 building.

OLD BUSINESS

- a. Midtown Plan Status Report
- Broward MPO Mobility Hub Update

Mr. Dokuchitz advised that staff met with the MPO and their consultants on August 30, 2018. An overview of the initiative was done and they looked at the scope as scheduled and discussed the planning area. They also went for a walking tour of the area. Staff also met with Jonathan Ford with FDOT and traffic management was discussed as far as signalization on University Drive entering into Davie. A study is being initiated on the I-595 corridor and all the connecting arterials and access.

Mr. Holmes indicated that there is a preliminary schedule, a milestone, as to where the MPO wants to be with regard to the study underway. One of the key parts for September, October, and November, is their stakeholder outreach. This Board is identified as a very important component of the stakeholder outreach; therefore, the MPO would like to schedule a meeting during that timeframe to keep the overall schedule laid out. Perhaps a special meeting could be held in October so some of the consultants could interact with the Board.

Mr. Dokuchitz stated that staff was looking at October 10, 2018 or October 17, 2018 and foregoing the November meeting.

There was a consensus for October 10, 2018.

Mr. Holmes advised that they would report back to the MPO that the October 10, 2018 meeting would work. The kickoff meeting took place on 30, 2018. Currently, through the implementation strategy to be developed, the study would go through April 2019. At that time, recommendations and implementation strategies will be made and presented to this Board and to the Council.

In response to Mr. Lethbridge, Mr. Holmes stated that there will be a published report with recommendations. It was noted that there are some monies available through the MPO being made available for implementation.

Mr. Dokuchitz commented that there is \$4 million that has to be shared with the City of Sunrise for implementation and the MPO is covering all the costs of the study.

Mr. Holmes mentioned that the big issue and major concern was crossing Broward Boulevard, better connectivity of the northern part of the District into the central part of the District, as well as focusing on the transit station near the Courthouse.

Mr. Dokuchitz questioned if the Board would be all right with October 17, 2018 if the October 10, 2018 did not work out for some reason.

All of the Board members were all right with October 17, 2018 as an alternative date.

NEW BUSINESS

Chair Inklebarger stated that Seritage hopes to be in permitting within a month or a two and something should be submitted by September 25, 2018.

In response to Mr. Lethbridge, Mr. Holmes advised that a pro golf shop has expressed interest in the Toys 'R Us property.

Mayor Bendekovic mentioned the restaurant, YOLO, and questioned if there were any more restaurants.

Chair Inklebarger believed there was an 8,000-footer on both end caps. Connors Steak & Seafood is in the works; however, three other people have stepped up to the plate for that space. The other west end cap was signed, but he was not at liberty to discuss it.

Mr. Holmes indicated that a request was recently received to look at a slight modification of the layout of some of the restaurant areas.

Chair Inklebarger reiterated that the special meeting will be held on October 10, 2018.

In response to Mr. Auerbach, Mr. Dokuchitz indicated that the meeting would be a typical agenda with the MPO as presenters.

Mr. Auerbach suggested getting candidates to attend to understand the process for the MPO and also to get their opinion on the source of the problems and how to fix them.

Mayor Bendekovic advised there is no campaigning on City property; all meetings are open to the candidates at all times.

Mr. Auerbach believed that the Board agreed that any improvements being funded by the County that would overall improve any of the traffic conditions is to the benefit of everyone in Plantation. This is a major ongoing effort and since there are so many discussions on sources of traffic, causes, reasons, and feelings regarding this issue, information from the folks who are responsible for getting that out is important.

Mayor Bendekovic commented that between 70% to 80% of the traffic on University Drive is pass thru traffic.

Chair Inklebarger questioned if the split of the money between the City of Sunrise and the City of Plantation would be known at the October meeting.

Mr. Dokuchitz stated that it depends on the study and what is available. There are other monies available like Complete Streets.

Mr. Holmes indicated that the money has been put aside but they will probably look at more distribution at the end of the studies when they see the implementation plan; he did not know if it would be an even split and thought it would be based up what is identified as need for the different hubs. Mr. Holmes stated that the major emphasis was on crossing Broward Boulevard and that is probably where the funding will be focused.

Mr. Dokuchitz advised that all the issues in Midtown were discussed; the MPO is not focusing on the southern area of Peters Road and University Drive.
