ADDENDUM NO. 1

RFQ No. 100-21

Automated License Plate Recognition System (ALPR)

DATE OF ADDENDUM: November 22, 2021

TO ALL PROSPECTIVE BIDDERS:

The following clarification, changes, additions and/or deletions are hereby made part of the Agreement Documents for RFQ No. 100-21.

General Questions and Answers:

Question No. 1: What VMS (Video Management System) if any is the city currently using?

Response No. 1: SafeServ – Panasonic Back End Client

Question No. 2: What are the data retention requirements for video/ALPR data?

Response No. 2: We would like the ability to view all data going back at least 30 days. If an image or video is identified as evidence in a crime, we will need to retain that consistent with the Florida GS-2 based on the identified type. However, if it is identified as evidence, we would need a way to take possession of that image/video into our system. Any other retention requirements set forth in state law.

Proposals **must** be submitted on or before **December 7, 2021 @ 11:00 A.M.** Bids must be submitted electronically ONLY via the Demand Star website (<https://network.demandstar.com/agencies/florida/city-of-plantation-procurement-division/procurement-opportunities/9b6d13fb-3874-4291-9605-81cf63387a40/>).

All other terms, conditions and specifications remain unchanged for RFQ No. 100-21.

Please acknowledge receipt of this Addendum No. 1 by returning it and/or acknowledging it in your bid.
