5. Open Discussion

State Representative Hazel Rogers came forward to address the City Commission.

William Daeter stated that his house looks badly and asked to explain the problems. He stated that there was an issue with the fence, the roof, and the trees. He asked for all of the liens to be removed and he would comply with the City Code.

Deputy Mayor Alu asked if he would clean up the problems only if the liens were removed.

Ms. Daeter stated yes. He needed an incentive.

Deputy Mayor Alu asked if he was engaged in litigation with the City.

City Attorney Stuart Michelson stated he was.

Assistant Deputy Mayor Scuotto stated that anyone whose property was liened wanted to come before the City Commission and request relief. He would do anything

to help him. Many people did try and help him. What guarantee would his neighbors have that he would not allow the home to fall back into disrepair. He admitted that he was trying get back at the City.

Mayor Ryan stated that he was not being neighborly. Some people struggled to keep their homes decent. He was punishing his neighbors, not the Commission or City staff. He mentioned that there was an item on the agenda this evening for lien amnesty. He believed that Mr. Daeter was at the meeting in the spirit of peace. He appreciated his effort. He may have valid complaints, but that did not give him the right to wage war against his neighbors. No one, including City staff or officials, were out to get him.

Commissioner Rosen said that the police and Ms. Sibner had been to his house many times. The problem could not just go away. These problems should have been resolved long ago.

Commissioner Wishner stated he would have an opportunity to catch up on his fines. Commissioner Wishner advised that not long ago he personally was out there all day with his sons cleaning the property and Mr. Daeter let it return to its former condition. He asked for him to have a change of heart. It was a two-way street. He should have made things right at that point.

Mr. Daeter said that other people have code violations.

Mayor Ryan explained that other people did not make a war out of the situation.

Cheryl Miller-Scott approached the Commission by thanking them for designating a nightclub district in western Sunrise. She previously asked the Commission how creating a nightclub district would help contain crime. She did not understand why now other business owners in central Sunrise were allowed to open nightclubs. She was opposed to having nightclubs open anywhere but the nightclub district. She explained that she questioned the special exceptions on the agenda. A nightclub allows there to be bands and has the extended hours. She agreed that she was opposed to the other bar because she was opposed to the competition. She asked why there was a nightclub district out west if the nightclubs were being allowed to open elsewhere.

Mr. Lubelski stated that nightclubs were not restricted to the western area.

Assistant Deputy Mayor Scuotto gave a background on history of nightclubs in the City. The City would shut down the band operations: no stages, dance floors, or DJs. Some of the businesses would stay open late. In the past, the 2:00 am limit was last call, not the last moment liquor could be consumed. He asked what could be done to make the businesses safe. He stated that the Small Business Advisory Board could address this issue. The City should be able to help grow businesses, not just her business.

Mayor Ryan advised that the City was very supportive of small business. If other businesses complied with the ordinances, they should be allowed to operate.

Ms. Miller-Scott agreed.

Commissioner Rosen said that perhaps the ordinance needed to be modified.

Eleanor Rappaport invited the Commission and City Manager to install the new officers in Sunrise Lakes Phase III. She told the mayor that she expected him at the event.

Angel Ruiz addressed the Commission regarding extending the existing wall in Waterbridge on the Lauderhill side. There was a problem with garbage being thrown over the fence. Lighting was also an issue. Vehicles were vandalized from people coming over from Lauderhill. He asked for bulk pick-up at Building Two. Repairs were made to windows, but the balconies were enclosed as an upgrade by the developer.

Mayor Ryan stated this was a similar issue to other condominium owners.

John Nelson brought a petition to keep Bus Route 56 running. He thanked the City Manager and the Mark Lubelski, Director of Community Development, for the lights.

Matt Mearian and Ben Mokrani supported Ms. Miller-Scott position, however, he supported competition. The businesses were not in competition with one another, but rather with other cities and the Hard Rock Hotel and Casino.

City Attorney Stuart Michelson asked if they were the owners of Hot Shots and said that they should not be discussing this matter now. It should be discussed during the quasi-judicial hearing. He recommended that all people make their comments during the quasi-judicial hearing.

Rod Feiner came forward to request that the amnesty program reduce the liens to 10%, not 25%. He stated that the problem was to help reduce the liens and allow for enough savings for the property owners to make improvements to the property without turning the property "upside-down" on the loans. Americana Plaza was a prime example. There were multiple fines with three separate liens.

Xehuda Bilu stated that the fines were too high. He supported the reduction to 10% of the lien, like other cities implemented. He also recommended that the fines have a cap.

Anthony Crisanti came forward to discuss girls fast pitch softball.

Assistant Deputy Mayor Scuotto explained that there were seven travel teams in Sunrise. Over the past few years the City has helped them. Caryl Ungerer had helped them.

Mr. Crisanti stated that the teams were a 501(C)(3) organization. They travel from Boca to Miami during the winter, but during the summer, it is an overnight event. They would like to have places for the girls to play. He asked for them to be able to host state tournaments. Before it was just a recreation program, but now it was more advanced.

Deputy Mayor Alu asked for quasi-judicial to be moved up on the agenda.

The City Commission moved Section 10, Quasi-Judicial Consent Agenda Items 10A through 10D, up on the agenda.¹

6. Commission/Mayor Reports

Deputy Mayor Alu wished everyone a happy holiday. She heard a complaint that park ranger told a father and his son to leave a field. She wanted this policy changed.

Ms. Ungerer came forward to state that she could not excuse poor judgment by her staff. There were closed field signs posted, but people go on the fields regardless and the fields need rest.

Mayor Ryan asked that better discretion be used by the staff.

Deputy Mayor Alu said it was embarrassing.

Ms. Ungerer advised that she would speak with staff again. She recommended artificial turf.

Assistant Deputy Mayor Scuotto wished everyone a happy holiday season. He said that the City of Fort Lauderdale had an issue with signage. Small businesses depended on small A-frame signs. The signs on the buildings do not have visibility.

Mayor Ryan asked for a workshop on this topic now.

Assistant Deputy Mayor Scuotto asked how business rules could be relaxed so that small business could thrive.

Mayor Ryan said Code Enforcement was doing its job, but some of the rules were not friendly.

¹ Items 10A through 10D, Quasi-Judicial Consent Agenda, begin on Page 12.

Assistant Deputy Mayor Scuotto said it was not easy when someone was trying to make a living. When one section of the Code was changed, many sections were. He recommended looking at Fort Lauderdale's provision. He asked for the City to become more involved. Additionally, the Toys in the Sun Run should have more Sunrise involvement. It was an established organization. He thought the City should try and sponsor the run. There were fire trucks from other cities. He believed it was time for the City to become more involved.

Mayor Ryan complimented the police for their efforts. The event was an opportunity to promote the City.

Commissioner Rosen also wished everyone a happy holiday. He spoke regarding more inclusion in the City. He asked for a workshop to find out how to get more people involved in the government process.

Commissioner Wishner extended his best wishes for a happy holiday to all of the residents.

Mayor Ryan thanked all of the employees for their generosity with donations. He thanked the Community Development Department for being responsive. He also read a letter from residents who were burglarized. The police caught the suspects.

Commissioner-elect Sofield wished everyone a happy holiday. He agreed with Assistant Deputy Mayor Scuotto with regard to the signs. With Springtree Golf Course needed to have signage on Oakland Park Boulevard and University Drive. There was now a fence being installed that would prevent a sign from being erected.

Leisure Services Director Caryl Ungerer explained that it was a decorative fence, but there would be a sign. She would defer to Mr. Lubelski with regard to placement, but there would be a sign.

MOTION A motion to approve Item 11A made by Commissioner Rosen was seconded by Deputy Mayor Alu.

Mayor Ryan opened the public hearing. No one came forward to speak.

Mayor Ryan closed the public hearing.

Deputy Mayor Alu stated that the main problem was that there was no computerized system that allows prescriptions tracked. The state legislature has not funded this technology.

Mayor Ryan explained that this was a state issue. The pharmacies did not want action on this matter. It would take more than technology. While Broward County no longer lead the state, the death figures were still very high.

Deputy Mayor Alu asked if our lobbyist should be contacted.

Mayor Ryan suggested talking to Senator Nan Rich.

Commissioner Rosen agreed that physicians filling prescriptions were problems. He asked about the epidural procedures.

City Attorney Stuart Michelson stated that there was one legitimate doctor that complained. But the ones that are registered as pain clinics had more than one and advertised as a pain clinic.

12. Quasi-Judicial Hearings

A) Cocomo's Bar & Grill - Extended Hours - (C10366)

A Resolution of the City of Sunrise, Florida, approving the application submitted by Cocomo's Bar & Grill, LLC., located at 4519 N. Pine Island Road, for an extended hours license; providing for conditions; providing for requirement of renewal; and providing an effective date.

MOTION A motion to table Item 12A was made by Deputy Mayor Alu.

Deputy Mayor Alu explained that residents who were opposed to this already left thinking there would be a hearing in January.

Ryan Silpot, Cocomo's owner, came forward to address the Commission. Mr. Silpot explained that was confused earlier and stood up when they were asked who objected. While it appeared that they objected to the project, as the owners, they did not.

Mayor Ryan explained that plenty of other people objected. Others filed a Notice of Affected Party on Cocomo's special exception to be a nightclub, which caused that measure to become a full quasi-judicial hearing. This application was for extended hours, which was a separate matter from the nightclub. The residents were complaining about both issues.

City Attorney Stuart Michelson explained that the timely filed Notice of Affected Party was on the special exception application.

Deputy Mayor Alu asked about the couple who received incorrect information from Community Development.

Mark Lubelski, Director of Community Development, said that staff would like to hear it together. There was no need to file an affected party notice on a quasi-judicial hearing. The Commission could hear anyone who had a comment.

Deputy Mayor Alu reasserted her motion to table.

City Attorney Stuart Michelson explained that they could table the matter and that staff preferred to hear the matters together.

Mayor Ryan asked Mr. Silpot if he minded waiting until January.

Mr. Silpot explained that they stayed for the entire meeting because they thought it would be heard and that was what they were told.

City Attorney Stuart Michelson advised that the Commission controlled the agenda. They could hear the matter or table it.

Assistant Deputy Mayor Scuotto asked if anyone filed as an Affected Party.

Mr. Lubelski again explained that there was no need, because it was a quasi-judicial hearing.

City Attorney Stuart Michelson noted that the special exception was tabled. It was the same business, but a separate matter for approval.

Mr. Lubelski advised that staff was recommending approval.

Mayor Ryan explained there was some confusion. People who wanted to speak on the matter left thinking it would be heard another evening. If they Commission was going to entertain a tabling of the item, he thought the Commission should not ask questions.

Commissioner Rosen said that it was his belief that people left thinking this would be heard on January 11th. He asked for the matter to be tabled as well.

Assistant Deputy Mayor Scuotto asked Mr. Silpot how late his business was open.

Mr. Silpot replied that it was not open due to construction. They thought perhaps opening at night would be better.

Assistant Deputy Mayor Scuotto asked them if they were open at night.

Mr. Silpot stated that they were not open, but wanted to open for dinner and later.

Assistant Deputy Mayor Scuotto explained that they could stay open until 1 a.m. now, but because the affected parties left the meeting, this was why it should be tabled.

MOTION A motion to table Item 12B to January 11th at 8:00 p.m. made by Deputy Mayor Alu was seconded Commissioner Rosen. All were in favor.

B) Cumbala Sports Pub Bar - Extended Hours - (C10365)

A Resolution of the City of Sunrise, Florida, approving the application submitted by Cumbala Sports Pub Bar, Inc located at 6531 Sunset Strip, Unit #24 for an extended hours license; providing for conditions; providing for requirement of renewal; and providing an effective date.

City Attorney Stuart Michelson read the quasi-judicial procedures.

Idel Rodriguez came forward on behalf of the applicant.

City Clerk Bravo swore in the applicants.

Ms. Rodriguez stated that she spoke a little English.

Deputy Mayor Alu asked if they should have an interpreter.

City Attorney Stuart Michelson suggested that they should have an interpreter and suggested that this matter be tabled until a certified Spanish-speaking interpreter could be present.

Mayor Ryan said it was important for them to have an interpreter due to the consequences. He apologized for the wait.

City Attorney Stuart Michelson explained that the City should provide the interpreter, but the applicant should pay for it.

The meeting was reset for January 11th at 9:00 pm.

MOTION A motion to table made by Assistant Deputy Mayor Scuotto was seconded by Deputy Mayor Alu. All were in favor.

The Commission moved on to Item 15C.⁴

A) Agreement - (C10352)

A Resolution of the City of Sunrise, Florida, approving a new interlocal agreement providing for the Resource Recovery System within Broward County and for the Broward Solid Waste Disposal District; and providing an effective date. City Manager Bruce J. Moeller. Timothy Welch, Acting Utilities Director.

MOTION A motion to approve Item 15A made by Deputy Mayor Alu was seconded by Commissioner Wishner.

Mayor Ryan stated that the residents gave up an asset after paying for it. As a result, he did not think the City should be buying into the system. Waste Management would not answer questions. He did not know what resources they analyzed. He believed that there were still provisions that the cities were paying more than necessary. The ILA still had time. His concern was about a lack of disclosure and whether or not this was a good deal for the taxpayer. The City should look at all alternatives.

Commissioner Rosen agreed with the Mayor. There was not enough information from Mr. Bergeron. There were too many unanswered questions. He could not support this measure at this time.

Assistant Deputy Mayor Scuotto explained that history of the ILA. If the City did not dump the correct amount of garbage, the difference had to be made up. All new people were now on the board and they did not have as much experience. Every city was different. The Alpha 250 was owned and could have been used for garbage. The County owns the south plant and BIC Landfill. The County could use BIC landfill. The Bergerons have property that could be used. He did not see shipping garbage away. Transfer stations would have to be built. In ten years, it could be a liability. Waste Management built a landfill and two waste to energy facilities in the County. The problem was the City would save money now. The fees could escalate and cost more than it costs now. Several cities pulled out. They are using the bonus as a carrot. The southern landfill could be all that was needed. The Waste to Energy plant could be purchased or one could be built. Someone needed to manage this every day. He continued to discuss the history of the RRB.

Mayor Ryan said that electricity was regulated. He believed that garbage was the same.

Deputy Mayor Alu asked who was negotiating this.

Mayor Ryan asked for Sunrise to be at the table. It was a regional issue. Discussion ensued regarding the ILA agreement, the independent/dependent district issues, and asset ownership.

Richard Salamon came forward to answer questions.

Mayor Ryan stated that the \$12 million was the profit for one year that the cities had paid.

Commissioner Wishner the problem was the process started two years ago. He believed that the County would look at the issue again. Everybody was waiting to see what Fort Lauderdale would do. He was not sure if the City was going to be able to develop the options and it was unclear to him what the options were. The City could not vote for this tonight. The trigger date kept being pushed back. There was too much at stake for this not to work out in the end. The true negotiations will finally begin.

Mayor Ryan stated there was time. Mayor Ryan said he talked to Mayor Kaplan. All of the cities needed to come together. A resolution should be drafted urging everyone to reject the deal. If the cities owned the plants, it could be

Mr. Bill Laystrom, Waste Management/Wheelabrator, said that the county was looking at a county (independent) district or a city-owned (dependent) district. The second reason was that the county was looking at their percentage. They were also looking at their percentage as well. They have looked at the different plans and analyses, but if the county did not release the assets. He would be happy to review the numbers. He believed that the county did not vote so all of the approvals were gone. All of the cities would have to review their options. It would be very complicated. He was prepared to debate any of the issues. But if the City wanted to negotiate, it could in January.

Mayor Ryan asked for a roll call on the interlocal agreement.

Mayor Ryan asked the City Manager to work as quickly as possible to invite the appropriate parties to discuss this matter.

Deputy Mayor Alu suggested that Assistant Deputy Mayor Scuotto be involved, as he was an expert in the area.

Mayor Ryan stated that the City Attorney would look into the Sunshine Law issues.

B) Amendment - (C10336)

Commission discussion and/or action re: First Reading of an Ordinance of the City of Sunrise, Florida, approving a first amendment to the franchise agreement between the City and Republic Services of Florida, LTD. d/b/a All Service Refuse, Inc.; providing for conflict; providing for severability; and providing an effective date. (First Reading, CCM 11/9/10 Tabled Passed 4-0 Rosen Absent).

MOTION A motion to remove Item 15B from the table made by Assistant Deputy Mayor Scuotto was seconded by Deputy Mayor Alu.

CCM December 14, 2010

MOTION A motion to approve 15B made by Commissioner Wishner was seconded by Deputy Mayor Alu.

Mayor Ryan asked to table this item. He did not think that the issue was ripe.

Deputy Mayor Alu disagreed. The City had the best solid waste rates.

Commissioner Rosen said he could not support the extension. He wanted it table to the next meeting. He did not want to bring up his questions tonight, but could not vote on this tonight.

Assistant Deputy Mayor Scuotto said that this was delayed once due to Commissioner Rosen's absence.

Commissioner Wishner asked for Commissioner Rosen to state his concerns.

Assistant Deputy Mayor Scuotto agreed.

Commissioner Rosen asked if the rates could be lowered and still guarantee current franchise fees. He believed that the current hauler gave other municipalities a better rate.

Damon Stinson, All Service, stated that the service level was not the same.

MOTION A motion to table made by Commissioner Rosen was seconded by Mayor Ryan.

Mayor Ryan asked for a roll call on the motion to table.

Mayor Ryan recessed the meeting at 9:45 p.m.

Mayor Ryan reconvened the meeting at 10:09 p.m.

Richard Salamon explained that there were several contracts out on the street. Dania Beach's rate came in higher. Tamarac came in slightly higher, but was having issues related to the procurement process. Miramar came in significantly higher for collection. Lauderhill came in lower, but they were using smaller carts. The hauling fees was \$3.80, but the rest of the contract had to be taken into account. The avoided

cost of disposal for every ton of recycling was paid by All Service to Sunrise. The Lauderhill contract did not have this component. There was no vacation credit. The direct benefits were examined, Sunrise's contract was better.

Mayor Ryan asked Matt Morrell, Republic Services, if there was a way to address this issue.

Mr. Morrell explained that there was a large capital outlay for the bags, trucks, and carts.

Mayor Ryan asked about a reopener.

Mr. Morrell stated that the numbers would have to be examined.

Assistant Deputy Mayor Scuotto asked Mr. Salamon about a waste generation study.

Mayor Ryan asked about a reopener with time limitations.

Assistant Deputy Mayor Scuotto explained that if anything happened to the system, the City was guaranteed the 20%. The City could conduct a waste generation study. One year there was no rain, the next year there was rain, which made a difference in the weight of the waste. He wondered if a clause could be inserted that would say if something would make our costs increase, they [All Service] would cover the cost.

Mr. Salamon advised that he did not see the City coming back with a better rate for the services received.

Mr. Morrell stated the hauler would deliver to any facility in Broward County.

Mayor Ryan and Mr. Morrell discussed the points in the contract.

Mr. Morrell explained that the contract went through months of negotiation.

The Commission discussed any changes that could be inserted that would protect the City in the event of a change in the ILA.

Mr. Morrell said that any changes would have to be based on the original agreement, without the newly recommended benefits. Mr. Morrell stated that they would waive the 90-day notice if this was not passed tonight.

Mayor Ryan asked for Mr. Salamon to explain in writing why he believed this rate was the best rate possible.

MOTION A motion to table Item 15B made by Commissioner Rosen was seconded by Deputy Mayor Alu. All were in favor.

The Commission moved Item 16A of New Business up on the agenda.⁵

C) Agreement - (C10302)

A Resolution of the City of Sunrise, Florida, approving a contract with G4S Wackenhut for security guard services utilizing Broward County Contract D0742104B4; and providing an effective date. (Tabled on CCM 10/26/10, Passed 5-0). (Tabled on CCM 11/9/10, Passed 4-0 Rosen Absent).

MOTION A motion to remove Item 15C from the table made by Deputy Mayor Alu was seconded by Commissioner Rosen. All were in favor.

MOTION A motion to put this matter back out to bid and not renew the contract with Wackenhut made by Deputy Mayor Alu was seconded by Commissioner Rosen.

City Manager Bruce Moeller explained that this was to piggy-back a contract of Broward County, which would save the City approximately 20%. The City used Class 2 armed services at City Hall and armed guards at the utility plant. The issues mentioned by Commissioner Rosen were addressed with the vendor. He was not convinced that going out to competitive bid would be the best course of action. The City's volume was not that large.

Commissioner Rosen asked what it would cost to use our off-duty officers instead of the vendor.

City Manager Bruce Moeller explained that they could not be used by the City of Sunrise due to the Fair Labor Standards Act. If the City did use them, overtime would have to be used and it would not be cost effective.

Commissioner Rosen asked about other agencies. He would prefer law enforcement officers.

City Manager Bruce Moeller stated it would be costly.

Deputy Mayor Alu said that we used to use Navarro Security. He said he could meet the price. He worked for the City previously. She did not trust Wackenhut.

D) City Attorney Services - Discussion regarding City Attorney Services.

Deputy Mayor Alu stated she received a letter from City Attorney Stuart Michelson stating that he would not apply for the RLI. She asked him to reconsider his position. She liked the RLI, but asked for municipal bonds to be included. She asked if the City should wait until Commissioner-elect Sofield was seated.

Mayor Ryan agreed with adding the municipal bond work to the RLI. He asked for this to be heard on March 22nd.

A) Program - (C10385) - Resolution 10-166

A Resolution of the City of Sunrise, Florida, authorizing a code enforcement Lien Amnesty Program for all code liens regardless of when imposed from the effective date of this resolution through September 30, 2011; and providing an effective date.

MOTION A motion to approve Item 16A made by Commissioner Rosen was seconded by Deputy Mayor Alu.

Rod Feiner, Coker and Feiner, stated that procedurally the City issues a code case for every violation.

Mayor Ryan asked about his client's total violations.

Mr. Feiner said that he thought that the fee should be about \$50,000.

Kim Sibner stated that other cities the average was 25%.

Commissioner Rosen said the City was taking a 75% hit. The client incurred the fines. Staff was recommending a 25% fee. There needed to be an equitable solution.

CCM December 14, 2010

Assistant Deputy Mayor Scuotto explained that parking stripes were not painted. If a building was dangerous, it would make sense to have high fines. The City should have addressed the issue before it became \$500,000. If the City was going to give amnesty, it needed to look closely at these issues.

Mayor Ryan asked what the results were with regard to compliance.

Ms. Sibner stated that the cities were happy with the compliance, but did not offer statistics.

Assistant Deputy Mayor Scuotto asked what could be changed. He asked how people came to the Special Magistrate's last meeting.

Ms. Sibner replied that 129 people came before the Special Magistrate.

Assistant Deputy Mayor Scuotto explained that with the \$26 million in outstanding liens, how much could realistically be collected. He believed that 10% was better than nothing.

Commissioner-elect Sofield stated that the Special Magistrate usually gets the fine down to 10%. He recommended a Code Enforcement Board.

Ms. Sibner said that mitigating circumstances were taken into account when determining the reduction.

Mayor Ryan thought that 10% was too low.

MOTION A motion to amend the resolution to change the reduction amount from 25% to 15% made by Commissioner Rosen was seconded by Deputy Mayor Alu.
